La Charrette Village Gateway To The American West:

La Charrette Lowell M. Schake,2006-01-11 La Charrette provides a first ever historical look at America's westernmost frontier settlement which over a mere thirty year existence managed to leave behind a rich vibrant legacy that is firmly rooted in local state and national history Located sixty miles beyond St Louis on the banks of the Missouri River La Charrette Village began as an eighteenth century French fur trading outpost The citizens of La Charrette one of America's earliest melting pot communities of Native Americans African descendants and French Spanish and German immigrants played a vital role in shaping the American West Its people were the first to be granted Indian trade rights and to map the Santa Fe Trail and La Charrette was the last outpost of civilization along the monumental trek toward westward expansion A virtual Who's Who of the American frontier La Charrette documents the life and times of the families who lived in this influential riverbank village It also chronicles many legendary heroes who passed through including Lewis and Clark Daniel Boone Captain Pike Indian Phillips John Colter Flanders Callaway Syndic Chartran and others who helped to shape history and forever change the face of our nation Schake's book documents the intimate life and history of a village that helped serve as a launching point into the territory and its role in American frontier life Brad Urban St Louis Post Dispatch Suburban Journals

La Charrette Lowell M. Schake,2003 **The Mystery of John Colter** Ronald M. Anglin,Larry E. Morris,2016-04-29 From the first account of Colter's Run published in 1810 fascination with John Colter one of America's most famous and yet least known frontiersmen and discoverer of Yellowstone Park has never waned Unlike other legends of the era like Daniel Boone Davy Crockett and Kit Carson Colter has remained elusive because he left not a single letter diary or reminiscence Gathering the available evidence and guiding readers through a labyrinth of hearsay rumor and myth two Colter experts for the first time tell the whole story of Colter and his legend **Gloomy Terrors and Hidden Fires** Ronald M. Anglin,Larry E. Morris,2014-10-10 From 1810 when a newspaper published the first account of Colter's Run to 2012 when one hundred and fourscore participants in Montana's annual John Colter Run charged up and down rugged trails even across the waist deep Gallatin River interest in Colter the alleged discoverer of Yellowstone Park has never waned Drawing on this endless fascination with an individual often called the first American mountain man this book offers an innovative comprehensive study of a unique figure in American history Despite his prominent role in the Lewis and Clark Expedition and the early exploration of the West Colter is distinctly different from Daniel Boone Davy Crockett Kit Carson and the other legends of the era because they all left documents behind that allow access to the men themselves Colter by contrast left nothing not a single letter diary or reminiscence so that second third or fourth hand accounts of his adventures are all we have Guiding readers through this labyrinth of hearsay rumor and myth this is the first book to tell the whole story of Colter and his legend examining everything that is known or supposedly known about Colter and showing how historians and history buffs alike have tried in vain to get back to Colter the man know what he said and feel what he felt but have ended up never seeing him

clearly finding instead an enigma they cannot unravel 500 Indianerbiografien Nordamerikas Rudolf Oeser,2005
