

Argumentative Essay Example

Parker Jones
English 101

October 16, 2024
Mrs. Jenkins

Pant Perfection

Since Adam and Eve first partook of that forbidden fruit, humans have spent immense resources to develop the perfect accoutrement for all seasons and occasions. While trends continue to evolve with various cultural and economic shifts, pants (also known as slacks) remain the most steadfast form of clothing, holding greater utility and value than all other forms of bottoms.

Pants are more sustainable than other bottoms, in terms of both manufacturing and daily usage. Ostensibly, the best clothes are the clothes a person chooses to wear frequently, without thought or second guess. In the annual Pants Symposium of 2022, Dr. Jeremy Trousers of Slack University notably said, "Pants have a psychology behind them. Pants can be worn at any time of year and are thus more likely to be worn than to stay stuck in a pile in the closet or at the bottom of a landfill."

Many people state that pants are naturally built for discomfort. However, this argument is specious at best. A survey of the student campus found that pants were not more or less comfortable than any other item of clothing. This suggests that pants are not as uncomfortable as often stated by the larger population, while also bringing to light the naturally subjective concept of "discomfort."

Pants are the best bottom covering and one of the best forms of clothing among all basic metrics. Questions about labor practices and materials used in manufacturing are worth addressing, but these apply to larger clothing industry standards. Further consideration of the clothing industry's impact on ecology and human labor is worthy and may prove to only support pants supremacy.

HEADING

INTRO

BODY

- Use outside sources as evidence to support argument points.
- Address potential counterarguments (if space allows).

CONCLUSION

TITLE

THESIS

- Build a thesis that actually states an arguable opinion.

Who I Am Speech Essays

Robert Mayhew

Who I Am Speech Essays:

Essays and Speeches William Samuel Lilly, 1897 **Essays on Ayn Rand's Atlas Shrugged** Robert Mayhew, 2009-04-16 While the fiction of novelist philosopher Ayn Rand is extremely popular and enduring little has been written on it so far This book consists of essays most of which are new by top Rand scholars on Atlas Shrugged her magnum opus The essays deal with historical literary and philosophical topics surpassing related writings in breadth and depth of analysis The historical essays cover the writing of Atlas Shrugged its publication history and its reception The literary essays cover analysis of the novel's plot theme and characterization comparisons with other works such as the novels of Hugo Dostoyevsky and Joyce and the proper approach to adapting Atlas Shrugged to film The philosophical essays cover a vast range of topics including the place of Galt's speech in the novel the role of the mind in human life and the evil of non objective law Some of the essays make use of previously unpublished material from the Ayn Rand Archives **The Essays of Michael Lord of Montaigne** Michel de Montaigne, 1893 **The Complete Works of William Hazlitt: An essay on the principles of human action. Free thoughts on public affairs: or, Advice to a patriot. Preface to An abridgement of Abraham Tucker's Light of nature pursued. Advertisement and biographical and critical notes from The eloquence of the British senate. A reply to Malthus's Essay on population** William Hazlitt, 1930 **The University in Dissent** Gary Rolfe, 2013 This book examines the factors contributing to the transformation of the university from the site of culture and knowledge to what might be termed an information factory and explores how members of the academic community might continue to dwell in the ruins of the university in a productive and authentic way The World's Best Essays Francis Henry Pritchard, 1929 **Writing, Speech and Flesh in Lacanian Psychoanalysis** Shirley Zisser, 2021-09-13 This book explores the place of the flesh in the linguistically inflected categories of Freudian and Lacanian psychoanalysis drawing explicit attention to the organic as an inherent part of the linguistic categories that appear in the writings of Freud and Lacan Lacan's return to Freud famously involves a linguistic turn in psychoanalysis The centering of language as a major operator in psychic life often leads to a dualistic or quasi dualistic view in which language and the enjoyment of the body are polarized Exploring the intricate connections of the linguistic and the organic in both Lacanian and Freudian psychoanalysis from its beginnings Zisser shows that surprisingly and not only in Lacan's late teaching psycho linguistic categories turn out to be suffused with organicity After unfolding the remnant of the flesh in the signifier as a major component of Lacan's critique of Saussure using visual artworks as objective correlatives as it does so the book delineates two forms of psychic writing These are aligned not only with two fundamental states of the psychic apparatus as described by Freud pain and satisfaction but with two ways of sculpting formulated by Alberti in the Renaissance but also referred to by Freud Continuing in a Derridean vein the book demonstrates the primacy of writing to speech in psychoanalysis emphasizing how the relation between speech and writing is not binary but topological as speech in its psychoanalytic conception is

nothing but the folding inside out of unconscious writing Innovatively placing the flesh at the core of its approach the text also incorporates the seminal work of psychoanalyst Michel Montrelay to articulate the precise relation between the linguistic and the organic Writing Speech and Flesh in Lacanian Psychoanalysis will be indispensable to psychoanalysts literary theorists rhetoricians deconstructionists and those studying at the intersection of psychoanalysis language and the visual arts
