Awakened Imagination and The Search. Illustrated Neville Goddard, 2025-12-24 Awakened Imagination and The Search by Neville Goddard is a profound exploration of the creative power of human consciousness In this influential work

Goddard delves into the concept that imagination is the ultimate reality and the key to transforming one's life. *Awakened Imagination* In the first part of the book Goddard emphasizes the pivotal role of imagination in shaping our experiences and realities. He presents the idea that by consciously directing and awakening our imagination we can manifest our deepest desires and achieve personal transformation. Goddard provides practical techniques and exercises designed to harness the power of the imagination, encouraging readers to visualize their goals with vivid detail and emotional intensity. He argues that imagination, when used correctly, can transcend physical limitations and create a new reality. *The Search* The second part, *The Search*, focuses on the journey of self-discovery and the quest for spiritual enlightenment. Goddard guides readers through the process of inner exploration, urging them to seek the divine within themselves. He draws on biblical references and metaphysical principles to illustrate the importance of faith, belief, and inner conviction in realizing one's true potential. The search for higher consciousness and understanding is portrayed as a deeply personal and transformative journey. Through compelling narratives and insightful teachings, Neville Goddard challenges readers to awaken their imagination and embark on a quest for self-realization. Neville Goddard Neville Goddard, 2016-05-26 Neville Goddard Born February 15, 1905 in Barbados, was known as one of the most influential teachers in the New Thought movement for many years. He gave hundreds of lectures all over the United States and even had his own TV show in Los Angeles in the 50s. His philosophy states that we create our reality by our thoughts or by the human imagination. Chance or accident is not responsible for the things that happen to you, nor is predestined fate the author of your fortune or misfortune. Your subconscious impressions determine the conditions of your world. The subconscious is not selective; it is impersonal and has no respect for persons. The subconscious is not concerned with the truth or falsity of your feeling. It always accepts as true that which you feel to be true. Feeling is the assent of the subconscious to the truth of that which is declared to be true. Because of this quality of the subconscious, there is nothing impossible to man. Whatever the mind of man can conceive and feel as true, the subconscious can and must objectify. Your feelings create the pattern from which your world is fashioned, and a change of feeling is a change of pattern. *Awakened Imagination & the Search* Neville Goddard, 2022-12-14 He elaborates on his viewpoint that Christ resides within everyone of us and may aid us in achieving our goals through imaginative work in awake imagination. This book should be the most straightforward, honest thing I'm capable of producing. Truth is dependent on the power of the imagination, not on objective reality. The result of the imagination's use or abuse is what we call a fact. What a man imagines, he becomes. He created his own history. The path, the truth, and the life are revealed via imagination. Neville Goddard *Awakened Imagination and The*
