Walk Away Douglas E. French, 2010 This elegant and fact filled book by Doug French examines the background to the case of strategic default or walking away from your home and considers its implications from a variety of different perspectives The thesis here is that there is nothing ominous or evil about this practice It is an extension of economic rationality from Mises Institute website *Postmodern Suburban Spaces* Joseph George, 2016-10-20 This book reevaluates fiction devoted to the postwar American suburb examining the way these works imagine suburbia as a communal structure designed to advance a particular American identity Postmodern Suburban Spaces surveys works by both canonical chroniclers of the middle class experience such as Richard Yates and John Cheever and those who reflect suburbia's demographic reality including Gloria Naylor and Chang rae Lee to uncover a surprising reconfiguration of the suburban experience Tracing major forms of suburban associations racial divisions property lines the family and ethnic fealty these works depict a different mode of interaction than the stereotypical white picket fences Joseph George draws from philosophers such as Emmanuel Levinas and Roberto Esposito to argue that these fictions assert a critical hospitality that frustrates the limited forms of association on which suburbia is based This fiction in turn posits an ethical form of community that comes about when people share space together **Babbitt** Sinclair Lewis, 2012-05-02 A personal crisis jars a middle aged real estate agent from his complacency in this satire of middle class American life Sinclair Lewis great novel offers a scathing portrait of the consequences of clinging to conventional values *Writers' Mistakes* Franklin B. Olmsted, 2024-07-08 Writers want readers to understand what they're writing Too often our writings can leave readers baffled or misled as to what we want them to know *Writers Mistakes A Handbook of Common Blunders and Ways to Mend Them* is a comprehensive guide that shows how confusing examples from literature newspapers and other writings could be made easier to understand It offers hints on how to avoid words phrases usages and common mistakes that obscure intended meanings It shows how to keep from distracting or annoying readers with what they see as grammatical lapses This book teaches what to weed out so that our writings cannot be misunderstood **American Book Publishing Record**, 2004

Forthcoming Books Rose Arny, 2003 *Radical Betrayal* Anders W. Edwardsson, 2023-12-05 In *Radical Betrayal* Anders W Edwardsson delivers a provocative examination of how both liberal and neoconservative forces have undermined American exceptionalism the belief in America's unique character and role in world history Tracing the evolution of American national identity from its founding through the present day Edwardsson argues that the post World War II era has witnessed a gradual erosion of the principles that once defined the American experiment From Woodrow Wilson's progressive idealism to Franklin Roosevelt's New Deal from Lyndon Johnson's Great Society to George W Bush's democratization agenda Edwardsson methodically chronicles how political leaders have dramatically expanded federal power and global interventionism in ways that contradict America's founding vision The author demonstrates how both parties have

contributed to what he sees as America's decline liberals through welfare state expansion and neoconservatives through misguided foreign wars Most provocatively Edwardsson argues that Donald Trump's presidency represented a potential return to traditional American principles before being undermined by establishment forces He warns that continued abandonment of American exceptionalism threatens not only the nation's prosperity but its very survival as a unified republic Whether you agree with his analysis or not Edwardsson's sweeping historical narrative challenges readers to reconsider the forces shaping American politics and identity in an increasingly polarized age If you enjoyed *The Case for Nationalism* by Rich Lowry *The Dying Citizen* by Victor Davis Hanson or *America in Retreat* by Bret Stephens you'll love *Radical Betrayal*
