**Reuniting Children with Nature: Nature's Guide to Happier & Healthier Kids** Dr. Jenny Lloyd-Strovas, 2018-03-09

Do you have a hard time pulling your child away from the screen and into nature? Are you interested in getting outside more but are unsure of what to DO when you're out there? Do you want to develop your child's curiosity and love for nature but aren't sure where to start? Don't worry, you're not alone. As a mom, I know the struggle of getting kids outside and engaged with nature. It can be stressful, overwhelming, and downright frustrating to plan activities, get out the door, and feel like we know enough to make the experience somewhat interesting for us and our kids. Because so many parents struggle with this, I developed a recipe that will help you get your kids outside and engaged with nature. The recipe is easy to follow, adaptable to your family, and comes out great every time. This book includes the recipe along with practical tips for getting outside, packing, checklists, safety suggestions, planning strategies, and activities that can be used for any age during any season. *Reuniting Children with Nature* is a detailed how-to guide where I take all the guesswork out of getting outside and give you strategies and activities to help you and your child engage in nature. The best part is everything in this book can be used over and over again as your children age and mature.

Hiking with Kids: Trail Games and Educational Activities. Turning every step into a story, every trail into a classroom, and every child into an explorer. There's a certain magic that happens when you step into the wild with children. The screens fade away. The world grows quiet except for the crunch of boots, the whisper of wind through the trees, and the bubbling laughter of young voices discovering something new. But any parent or teacher who's taken kids outdoors knows hiking with children isn't always as peaceful as it sounds. Someone gets tired, someone gets bored, and someone finds every stick and bug along the way. What begins as a family outing can quickly test everyone's patience unless you know how to turn walking into wonder. That's where this book comes in. *Hiking with Kids: Trail Games and Educational Activities* is more than a guidebook; it's an invitation to rediscover the outdoors through a child's eyes. Designed for parents, teachers, homeschoolers, and outdoor leaders, it blends fun, learning, and family bonding in one inspiring package. Inside, you'll find Educational Nature Activities that transform rocks, rivers, and trees into learning tools. Kids explore ecosystems, weather, geology, and wildlife through hands-on discovery. Practical Tips for choosing the right trail, packing smart, preventing meltdowns, and teaching Leave No Trace principles in ways kids understand. Mindfulness Connection Exercises like Quiet Listening Minutes and Gratitude Rocks that nurture patience, focus, and appreciation for nature. Printable Scavenger Hunts, Checklists, and Journaling Pages that extend the adventure beyond the trail, perfect for classrooms and family trips. Each activity balances fun with education, helping children build observation, teamwork, resilience, and environmental awareness all while strengthening family ties. Unlike traditional hiking guides, this book celebrates the experience of hiking: the laughter, learning, and bonding that unfold naturally outdoors. Written in a warm, conversational tone by an experienced educator and outdoor enthusiast, it shows that the best classroom has no walls and the
