 for Your ACS Examination in General Chemistry - the Official Guide* LUCY T. EUBANKS, 2018-10-15 This guide is separated
 into first term and second term general chemistry material Each section contains 8 chapters of material that also aligns to
 most general chemistry textbooks for a seamless addition to study materials for students Each chapter is designed with an
 introductory section of the material including common representations and where to find this material in a textbook The
 second section provides worked examples of typical multiple choice questions including how the correct answer is
 determined as well as how the incorrect answers were determined Also included for each study problem is a listing of the
 corresponding practice questions that use that concept The final section is a series of practice problems to test the concepts
 collectively The key is provided on a separate page for all study and practice problems Preparing for Your ACS
