

Official Air Force Aerospace Medicine Approved Medications

Effective: 5 JUNE 2014

(Note: This list supersedes the medication list dated 09 JAN 2014)

The approved medication list consists of drugs for acute and chronic conditions, listed by generic name under one of three categories, based on whether they may be self-prescribed without flight surgeon consultation (see over the counter medication list), may be prescribed by the flight surgeon without higher approval, or require waiver. Drugs for acute conditions generally fall under one of the first two categories, while medications for chronic conditions commonly fit into the last category. At the end of the document are listed a number of drugs which are known to be unacceptable for all flying and special operational duty (SOD) classes. Request for waiver of such drugs is highly unlikely.

In general, for all 1042 holders use of any medication whose known actions may affect alertness, judgment, cognition, special sensory function, mood, or coordination requires DNIF, DNIC, or appropriate duty restriction.

A large number of FDA-approved drugs are not listed under either section. If such drugs are used for acute conditions, it should be assumed that the drug is disqualifying for flying and/or SOD duty, with the member returning to operational status after the condition has resolved, the medication has been discontinued, and its effects have dissipated, which usually entails one additional day (the "24-hour rule"). For chronic conditions, most common conditions are treatable by one or more of the listed drugs, and use of those drugs is likely to receive favorable consideration and a more expeditious result. If the member is intolerant of or inadequately controlled by a listed medication, but is successfully treated by a non-listed drug, a waiver request for that drug may be submitted to AFMSA/SGJPF through the appropriate MAJCOM SG (for rated officers and non-rated personnel). Such requests are not delegated for initial or renewal waivers. The process for approval of such drugs is much more complicated because of the thorough review required. Note: Waivers for non-FDA approved medications will not be considered. All medications and immunizations used by flying and SOD personnel must be FDA approved.

Note that while a specific drug may be acceptable without waiver, the treated condition may still require waiver.

Members pending waiver action must remain DNIF/DNIC until waiver has been granted. Verbal waivers are NOT authorized. Consult Aerospace Medicine Waiver Guide prior to waiver submission.

For flying/SOD personnel, the following medications require ground testing, documented IAW AFI 48-123 paragraph 1.6, on the individual's DD form 2766 under "Medications" block on Page 1, IAW AF and MAJCOM guidance and restrictions ([KX Operational/Flight Medicine](#)): Ciprofloxacin (mandatory ground test), Temazepam/zolpidem/zaleplon (no-go pills) and dextroamphetamine/modafinil (go pills) must be ground tested (if member is eligible for use) OR declaration of ground test must be documented. Ground testing results (or declaration) must also be updated in ASDMS Web. Once successfully ground tested, the operational use of go/no-go medications does not require DNIF/DNIC. Clinical use of go/no-go medications DOES require DNIF/DNIC, despite prior ground testing. Only aircrew/SOD designated in current AF/SG, AF/A38, and/or MAJCOM guidance are eligible for ground testing and operational use of hypnotics (no-go pills) or stimulants (go pills).

SUMMARY OF CHANGES

5 JUNE 2014: Three medications were added for treatment of benign prostate hypertrophy (BPH): silodosin (Rapaflo), tamsulosin (Flomax), and alfuzosin (Uroxatral). Sitagliptin was added for the treatment of diabetes. Rifampin was added for tuberculosis converters who do not have active tuberculosis. Topical steroids (administered via metered-dose inhaler) were approved for waiver consideration for Eosinophilic Esophagitis. The diagnosis of "pre-diabetes (includes impaired fasting glucose)" was added to the approved uses of metformin.

Category	Medication		Diagnosis or Utilization	No DNIF	DNIF (No Waiver Required)		DNIF (Waiver Required)		Notes
	Generic Name (Oral Preparation Unless Specified Otherwise)	Trade Name (Not All Included)			For Ground Trial	Symptoms Controlled (No Side Effect)	Flying I/II	Flying III	
Gen	Acetaminophen	Tylenol	Pain (acute condition use)			Y			DNIF until the underlying condition will not interfere with flying duties and there are no adverse side effects. Usage is for acute conditions, less than 4 weeks, and condition does not require waiver.

Aircrew Medication Guide Introduction

Aircrew Medication Guide Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Aircrew Medication Guide Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Aircrew Medication Guide : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Aircrew Medication Guide : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Aircrew Medication Guide Offers a diverse range of free eBooks across various genres. Aircrew Medication Guide Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Aircrew Medication Guide Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Aircrew Medication Guide, especially related to Aircrew Medication Guide, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Aircrew Medication Guide, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Aircrew Medication Guide books or magazines might include. Look for these in online stores or libraries. Remember that while Aircrew Medication Guide, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Aircrew Medication Guide eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Aircrew Medication Guide full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Aircrew Medication Guide eBooks, including some popular titles.

FAQs About Aircrew Medication Guide Books

What is a Aircrew Medication Guide PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Aircrew Medication Guide PDF?** There are several ways to create a PDF: Use software like

Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Aircrew Medication Guide PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Aircrew Medication Guide PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Aircrew Medication Guide PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
