Alain Danielou:

While the Gods Play Alain Daniélou, 1987-08-01 According to the early writings of the Shaiva tradition still alive in India and dating back at least 6 000 years the arbitrary ideologies and moralistic religions of modern society signal the last days of humanity heading toward destruction This prediction is only a fragment of the vast knowledge of Shaiva wisdom author Alain Danielou as assimilated and reviewed essential concepts of the Shaiva philosophy and its predictions Clearly expressed in the ancient teachings these concepts are in accord with yet surpass the boldest scientific speculations about consciousness time the nature of life and matter and the history and destiny of the human race Inherent in this body of knowledge is an understanding of the cycles of creation and destruction which in conjunction with astronomical phases determine the life span of the species Since 1939 humankind has been in the twilight of the Kali Yuga age or at the end of a cycle The impending cataclysm Danielou explains is brought on by our own errors and its date will be determined by our present and future actions While the Gods Play examines how the visionaries of ancient times defined our role in creation It explains why and how we have abandoned this role and reflects on what action can be taken to consciously and creatively influence our own destiny Included are chapters on The Religion of Nature and The Religion of the City The Transmigrant Body Sexual Rites the Castes Sacrifice Magical Powers Monastic Orders and Forestalling the Final Day [The Myths and Gods of India](#) Alain Danielou, 2017-01-01 This study of Hindu mythology explores the significance of the most prominent Hindu deities as they are envisioned by the Hindus themselves Referred to by its adherents as the eternal religion Hinduism recognizes for each age and each country a new form of revelation and for each person according to his or her stage of development a different path of realization This message of tolerance and adaptability the very heart of Hindu polytheism resounds clearly throughout Alain Danielou's work Photographic plates by Raymond Burnier further illustrate the many facets of Hindu teaching and grace the significance of the Gods of the Vedas as well as Vishnu Shiva Brahma Kali Shakti and other deities

A Brief History of India Alain Daniélou, 2003-02-11 Daniélou's powerful rebuttal to the conventional view of India's history which calls for a massive reevaluation of the history of humanity Explores historical occurrences from each major time period starting with the first appearance of man 30 000 years ago Couples the clarity and perspective of an outsider with the unique and specific knowledge of an insider By the internationally recognized Hindu scholar and translator of The Complete Kama Sutra 200 000 copies sold Alain Daniélou approaches the history of India from a new perspective as a sympathetic outsider yet one who understands the deepest workings of the culture Because the history of India covers such a long span of time rather than try to create an exhaustive chronology of dates and events Daniélou instead focuses on enduring institutions that remain constant despite the ephemeral historical events that occur His selections synthesis and narration create a thoroughly engaging and readable journey through time with a level of detail and comprehensiveness that is truly a marvel Because of the continuity of its civilization its unique social system and the tremendous diversity of cultures races

languages and religions that exist in its vast territory India is like a history museum Its diverse groups maintained their separate identities and never fully supplanted the culture and knowledge of their predecessors Even today one may encounter in India primitive Stone Age people whose technology has remained at what is considered prehistoric levels Thus Dani lou s examination of India reveals not only the diversity and historical events and trends of that country but also the history of all mankind Through Dani lou s history of India we learn from whence we came what we have discovered over the years in the fields of science arts technology social structures religions and philosophical concepts and what the future may hold for us Virtue, Success, Pleasure, and Liberation Alain Daniélou,1993-08 Exploring the fundamental concepts of the caste system Alain Danielou addresses issues of race individual rights sexual mores marital practices and spiritual attainments In this light the author explains how Hindu society has served as a model for the realization of human potential and exposes the inherent flaws and hypocrisies of our modern egalitarian governments The Hindu Temple Alain Daniélou,2001-02 Dani u s masterpiece on the Hindu temple now translated for the first time into English provides a stunningly illustrated tour of the major temple complexes of India **Music and the Power of Sound** Alain Daniélou,1995-08-01 Music has always been esteemed for its power to speak directly to our higher consciousness a power founded in the purity of simple harmonic ratios In this book Alain Danielou traces the development of musical scales and tuning from their origins in both China and India through their merging in ancient Greece and on to the development of the Western traditions of modal and polyphonic music Understanding these potent harmonic relationships offers a way for today s musicians to transcend the limitations of overly rationalistic music by drawing on its metaphysical roots India: A Civilization of Differences Alain Daniélou,2005-07-05 In India the caste system is a natural organizing principle wherein differences are embraced rather than ignored Dani u explores this seldom heard side of the caste debate and argues effectively in its favor This rare collection of the late author s writings contains previously unpublished articles and examines the structure of Indian society before and after Western colonialism Gods of Love and Ecstasy Alain Daniélou,1992-05-01 Shiva and Dionysus are the Hindu and Greek gods of magical power intoxication ecstatic sexuality and transcendence who initiate us into communion with the creative forces of life Revealing the earliest sources of the traditions of Shiva and Dionysus Alain Danielou reconstructs the fabric of our ancient relationship with creation vividly relating practices that were observed from the Indus Valley to the coasts of Portugal at least six thousand years ago Traces from the Labyrinth ,2024 **Northern Indian Music. Volume 2. The Main Rāgās. Alain Daniélou** Alain Daniélou,1954 **Shiva and the Primordial Tradition** Alain Daniélou,2006-11-10 An extensive examination of the underpinnings of the Shaivite Tradition Reveals the influence of Shaivism on the Western world Discusses Shaivism s understanding of sacred sexuality Presents the connections between Vedic poetry and metaphysics In Shiva and the Primordial Tradition Alain Dani lou explores the relationship between Shaivism and the Western world Shaivite philosophy does not oppose theology cosmology and science

because it recognizes that their common aim is to seek to understand and explain the nature of the world In the Western world the idea of bridging the divide between science and religion is just beginning to touch the edges of mainstream thought This rare collection of the late author s writings contains several never before published articles and offers an in depth look at the many facets of the Samkhya the cosmologic doctrines of the Shaivite tradition Dani lou provides important revelations on subjects such as the science of dreams the role of poetry and sexuality in the sacred the personality of the great Shankara and the Shaivite influence on the Scythians and the Parthians and by extension the Hellenic world in general Providing a convincing argument in favor of the polytheistic approach he explains that monotheism is merely the deification of individualism the separation of humanity from nature and that by acknowledging the sacred in everything we can recognize the imprint of the primordial tradition
