While there, its new captain arrives and delivers the final blow: the Wolfsbane will be dismantled for parts. Disheartened by this news, the Blade Force, recovering from their own injuries, receives word that they will be testing a Donvarion-developed combat armor for the Special Operations Force. While conducting those tests, one of their worst fears comes to realization: the Coretherian Queens have discovered Richard's existence. Meanwhile, deep within Galactic Federation space, Tony Nerant undergoes the trials to become the new Lord Nevryn, the silent assassin of the Galactic Federation's Hierarchs. In the process, he uncovers great truths about the Galactic Federation before turning his eyes on Mendal itself.
