"*Gliding Through Our Memories*" Kathryn Ann Tremper Edney,2009 Making the Stage Ann C. Hall,2008 **MAKING THE STAGE** is a collection of essays that examines the role of theatre drama and performance in contemporary culture a culture that is growing increasingly technological and isolated seemingly at odds with the very nature of theatre a collaborative and sometimes very primitive art form Through the course of these essays it is clear that theatre not only survives some of the challenges of the day but even defines discussions particularly political ones which are prohibited by an increasingly manipulated media The essays from a diverse group of theatre scholars examine the mechanics of theatre from space to sound to the use of technology the role of women in creating theatre the relationship between theatre and literary art forms the politics of theatre science and theatre and the role of performance art Through them all it is clear that theatre drama and performance continue to speak in significant ways Journal of Dramatic Theory and Criticism ,2007
