Lowenfels,2018-01-02 This is the first book to examine challenges in the healthcare sector in the six Gulf Cooperation Council GCC countries Saudi Arabia Oman the United Arab Emirates Qatar Kuwait and Bahrain These countries experienced remarkably swift transformations from small fishing and pearling communities at the beginning of the twentieth century to wealthy petro states today Their healthcare systems however are only now beginning to catch up Rapid changes to

the population and lifestyles of the GCC states have completely changed and challenged the region's health profile and infrastructure. While major successes in combatting infectious diseases and improving standards of primary healthcare are reflected in key health indicators, new trends have developed increasingly: lifestyle or wealthy country diseases such as diabetes, heart disease, and cancer have replaced the old maladies. To meet these emerging healthcare needs, GCC states require highly trained and skilled healthcare workers, an environment that supports local training, state-of-the-art diagnostic laboratories, and hospitals, research, production, and dissemination, and knowledge acquisition. They face shortages in most if not all of these areas. This book provides a comprehensive study of the rapidly changing health profile of the region, the existing conditions of healthcare systems, and the challenges posed to healthcare management across the six states of the GCC.

NATIONAL HIGHWAYS AND MOTORWAY POLICE IN PAKISTAN: An Illuminative Study Saima Manzoor Arain, Akif Manzoor Arain, 2015-06-25. The Motorway Police System in Pakistan is designed in a manner which enables law enforcement and does not encourage corruption. Enforcement action is transparent because of the tools made available and the manner in which SOPs have been prepared. It operates a traffic law which is as good as any in the world. The officers work in eight-hour shifts and get weekly holidays by rotation. They live and work on the highway and are well compensated to be able to run two kitchens. In view of this, the Motorway Police has become a model for policing in Pakistan. Asad Jahangir Khan, Ex-IG NH MP. Thus, it is thought-provoking, it is revolutionary, opening new vistas and bold horizons of intellectual endeavors. This book is scholarly written and exquisitely presented. **Bowker's Law Books and Serials in Print**, 1994.
