any other area of the world The need to control the spread of HIV is critical Though medical advances have been successful  
in slowing the progress of the disease there remains no cure for HIV and AIDS In Challenging HIV and AIDS the contributors  
players at various levels in the education sector across the Caribbean weigh in on the value of education as a means to halt  
the spread of HIV and AIDS The contributions are unique to the Caribbean experience and culture and address the root  
causes of the spread of the epidemic Reducing ignorance and the accompanying stigma and discrimination as well as  
addressing issues of sexuality through Health and Family Life Education in schools are identified as effective programs in
