Gross,2024-03-26 A fascinating history of the profitable paradox of the American outdoor experience visiting nature first requires shopping No escape to nature is complete without a trip to an outdoor recreational store or a browse through online offerings This is the irony of the American outdoor experience visiting wild spaces supposedly untouched by capitalism first requires shopping With consumers spending billions of dollars on clothing and equipment each year as they seek out nature the American outdoor sector grew over the past 150 years from a small collection of outfitters to an industry contributing more than 2 percent of the nation s economic output Rachel S Gross argues that this success was predicated not just on creating functional equipment but also on selling an authentic anticommercial outdoor identity In other words shopping for the woods was also about being or becoming the right kind of person Demonstrating that outdoor culture is commercial culture Gross examines Americans journey toward outdoor expertise by tracing the development of the nascent outdoor goods industry the influence of World War II on its growth and the boom years of outdoor businesses *Backpacker* ,1986-05 *Backpacker* brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish *Backpacker* s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Backpacker ,1996-08 *Backpacker* brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish *Backpacker* s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Newworld ,1975 Backpacker ,1996-08 *Backpacker* brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish *Backpacker* s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured **Backpacker** ,1976-10 *Backpacker* brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world s first GPS enabled magazine and the only magazine whose editors personally test the
