AUTHOR

William Shakespeare

YEARS WRITTEN

c. 1591–1596

GENRE

Tragedy

PERSPECTIVE AND NARRATOR

In the style of ancient Greek theater, a chorus sets the stage for the audience in *Romeo and Juliet*.

TENSE

Romeo and Juliet is written in the present tense.

ABOUT THE TITLE

Romeo and Juliet takes its title from the two young lovers whose fates lead them to a tragic end.

🕒 In Context

The World of the Renaissance

Romeo and Juliet was performed during the Renaissance, a time of considerable cultural, religious, political, scientific, and artistic change across Europe. The movement centered on the concept of humanism, which sought to use education to empower citizens—and not just their rulers—to be virtuous and to influence others' virtue.

Shakespeare's audiences lived within a strong patriarchal, or male-controlled, community with strict moral values that often conflicted with the individual's wills and desires. The patriarchal structure meant that the father was the lord of his household with legal authority over everyone in it. Children were considered property and were often given in marriage as part of a political or financial transaction. Indeed, Lord Capulet's arrangement with Paris is partially a business deal in which the marriage will enhance both men's prestige.

Women, whether wife, mother, daughter, or servant, were powerless outside of their household roles. The roles of female characters in *Romeo and Juliet* reflect the boundaries of their historical setting. Lady Capulet's influence, for example, is restricted to how much she can affect her husband's thoughts and behaviors. Lady Montague has little visible impact and dies parenthetically offstage in the final act. Her character can be seen as a comment on the powerlessness of women. A young daughter like Juliet, her family's wealth and prestige notwithstanding, would have had no direct authority over others and only minimal control of her own life.

Copyright Office,1969 **Representative Narratives** ,1914 *Narrating the Visual in Shakespeare* Richard Meek,2017-03-02 This book examines Shakespeare s fascination with the art of narrative and the
visuality of language Richard Meek complicates our conception of Shakespeare as either a man of the theatre or a literary
dramatist suggesting ways in which his works themselves debate the question of text versus performance Beginning with an
exploration of the pictorialism of Shakespeare s narrative poems the book goes on to examine several moments in
Shakespeare s dramatic works when characters break off the action to describe an absent offstage event place or work of art
Meek argues that Shakespeare does not simply prioritise drama over other forms of representation but rather that he
repeatedly exploits the interplay between different types of mimesis narrative dramatic and pictorial in order to beguile his
audiences and readers Setting Shakespeare s works in their literary and rhetorical contexts and engaging with contemporary
literary theory the book offers new readings of Venus and Adonis The Rape of Lucrece Hamlet King Lear and The Winter s
Tale The book will be of particular relevance to readers interested in the relationship between verbal and visual art theories
of representation and mimesis Renaissance literary and rhetorical culture and debates regarding Shakespeare s status as a
literary dramatist **The Aeneid of Virgil (the First Three Books)** Virgil,1914 Public Opinion ,1900 **Student**
,1889 The Student ,1889 An Introduction to the Industrial History of England Abbott Payson Usher,1920 Library
