Arthur James Wells

A Wodehouse Handbook Vol 2 The Words Of Wodehouse:

A Wodehouse Handbook N.T.P. Murphy, 2013-08-01 Did people really speak like Bertie Wooster Who was the celebrated Maisie What does a Jubilee watering trough look like Where is Loose Chippings What was Just Like Mother Makes Where does the exile from home splendour dazzles in vain come from What was a gazeka Why was Bertie Wooster more to be pitied than censured When did young men about town start saying What How did Bosher Street get its name While P G Wodehouse's way with words has long set a standard for literary humour much in his writing puzzles the modern reader Volume Two of A Wodehouse Handbook answers many of the questions that arise when reading Wodehouse especially the constant flow of quotations and deliberate misquotations that he used so skilfully These range from the Bible and the Greek and Latin writers he knew so well through Geoffrey Chaucer to writers like Ogden Nash and Mickey Spillane Often he incorporated them into his stories so cunningly that the reader sometimes does not recognise them as quotations at all Wodehouse also made a point of being up to date From his first book in 1902 to his last in 1975 there are topical jokes catchphrases advertisements of the time and extracts from popular songs which everyone recognised when the books were published In this volume Norman Murphy explains the many references to people places and events that were appreciated by contemporary readers but are often mystifying today He also identifies for us the myriad quotations that abound in Wodehouse's books and the songs advertisements and long forgotten catchphrases that Wodehouse used over seventy five years His findings covering an extraordinary range of language and usage from Aristotle to Variety magazine will be of interest to all book lovers and add to their appreciation and enjoyment of Wodehouse's superb writing [The Yellow Peril: Dr. Fu Manchu and the Rise of Chinaphobia](#) Christopher Frayling, 2014-10-14 An entirely new perspective on current scaremongering about China's global ambitions and on the Western media's ignorance of Chinese culture A hundred years ago a character who was to enter the bloodstream of 20th century popular culture made his first appearance in the world of literature In his day he became as well known as Count Dracula or Sherlock Holmes he was the evil genius called Dr Fu Manchu described at the beginning of the first story in which he appeared as the yellow peril incarnate in one man Why did the idea that the Chinese were a threat to Western civilization develop at precisely the time when China was in chaos divided against itself the victim of successive famines and utterly incapable of being a peril to anyone even if it had wanted to be Even the author of the Dr Fu Manchu novels Sax Rohmer acknowledged that China as a nation possess that elusive thing poise And what do the Chinese themselves make of all this Is it any wonder that they remember what we have carelessly forgotten the opium wars the unfair treaties that ceded Hong Kong and the New Territories and the stereotyping of Chinese people in allegedly factual studies Here cultural historian Christopher Frayling takes us to the heart of popular culture in the music hall pulp literature and the mass market press and shows how film amplifies our assumptions **A Wodehouse Handbook** N.
