Nathaniel Hawthorne's *A Wonder Book and Tanglewood Tales for Girls and Boys* does precisely that, offering a delightful reimagining of classic tales. Set against the backdrop of 19th-century America, Hawthorne weaves a tapestry of stories that transport readers to a world where gods, heroes, and mythical creatures come alive. The book is divided into two parts: *A Wonder Book for Girls and Boys* and *Tanglewood Tales*, each containing a series of stories that reinterpret well-known Greek myths. In *A Wonder Book*, readers encounter familiar characters such as Hercules, Pandora, and King Midas, each presented with a novel twist that makes the tales accessible and engaging for a younger audience. The stories are framed by the character of Eustace Bright, a college student who narrates these myths to a group of children at Tanglewood, a fictional

estate in Massachusetts This narrative device not only provides a cohesive structure but also allows Hawthorne to infuse the tales with humor and moral lessons Tanglewood Tales continues this journey into the mythological world offering retellings of stories like The Minotaur The Pygmies and The Dragon s Teeth Hawthorne s skillful storytelling breathes new life into these ancient legends emphasizing themes of bravery curiosity and the consequences of one s actions The author s rich language and vivid descriptions create an immersive experience inviting readers to explore the depths of human nature through the lens of mythology By reimagining these timeless stories Hawthorne provides readers with a deeper understanding of the cultural and moral values embedded in Greek mythology His work encourages young minds to reflect on the universal themes of heroism wisdom and the eternal struggle between good and evil Through these enchanting tales we gain a greater appreciation for the enduring power of myth and its ability to inspire and educate across generations

A Wonder Book and Tanglewood Tales for Girls and Boys Nathaniel Hawthorne,2021-03-24 Tanglewood Tales for Girls and Boys collection of children s

stories by Nathaniel Hawthorne published in 1853 The book comprises six Greek myths that Hawthorne bowdlerized Written as a sequel to *A Wonder Book for Girls and Boys* 1851 *Tanglewood Tales* is more serious than its lighthearted predecessor The tales are *The Minotaur* *The Pygmies* *The Dragon's Teeth* *Circe's Palace* *The Pomegranate Seeds* and *The Golden Fleece* Because Hawthorne considered the original myths to be impure and inappropriate for his readership he altered such stories as the seduction of Ariadne by Theseus and the abduction of Persephone by Pluto

A Wonder Book for Girls and Boys by Nathaniel Hawthorne, 2020-09-22 The author has long been of opinion that many of the classical myths were capable of being rendered into very capital reading for children In the little volume here offered to the public he has worked up half a dozen of them with this end in view A great freedom of treatment was necessary to his plan but it will be observed by every one who attempts to render these legends malleable in his intellectual furnace that they are marvellously independent of all temporary modes and circumstances They remain essentially the same after changes that would affect the identity of almost anything else He does not therefore plead guilty to a sacrilege in having sometimes shaped anew as his fancy dictated the forms that have been hallowed by an antiquity of two or three thousand years No epoch of time can claim a copyright in these immortal fables They seem never to have been made and certainly so long as man exists they can never perish but by their indestructibility itself they are legitimate subjects for every age to clothe with its own garniture of manners and sentiment and to imbue with its own morality In the present version they may have lost much of their classical aspect or at all events the author has not been careful to preserve it and have perhaps assumed a Gothic or romantic guise In performing this pleasant task for it has been really a task fit for hot weather and one of the most agreeable of a literary kind which he ever undertook the author has not always thought it necessary to write downward in order to meet the comprehension of children He has generally suffered the theme to soar whenever such was its tendency and when he himself was buoyant enough to follow without an effort Children possess an unestimated sensibility to whatever is deep or high in imagination or feeling so long as it is simple likewise It is only the artificial and the complex that bewilder them
