Mhairi McVicar, 2019-05-13 This book offers a detailed insight into the desire for and consequences of precise communications in the daily life of contemporary architectural practice through close readings of constructed architectural details by Sigurd Lewerentz Caruso St John Architects Mies van der Rohe and OMA In the professionalised context of the

contemporary architectural profession precise communications drawings specifications letters faxes and emails are charged with the complex task of translating architectural intent into a neutral and quantifiable language which is expected to guarantee an exact match between the architects intentions and the constructed result Yet as any architectural practitioner will know it is doubtful whether the construction of any architectural project may ever exactly match all written and drawn predictions This book challenges claims to certainty which have been attributed to such communications from the mid nineteenth century onwards and critiques ongoing expectations of certainty in contemporary architectural production

Music History During the Renaissance Period, 1520-1550 Blanche M. Gangwere, 2004-10-30 This annotated chronology of western music is the third in a series of outlines on the history of music in western civilization It contains a 120 page annotated bibliography followed by a detailed documented outline that is divided into ten chapters Each chapter is written in chronological order with every line being documented by means of abbreviations that refer to the annotated bibliography There are short biographies of the theorists and detailed discussions of their works The information on music is organized by classes of music rather than by composer Also included are lists of manuscripts with descriptions of their contents and notations as to where they may be found The material for the outline has been taken from primary and secondary sources along with articles from periodicals Like the other two volumes in this series Music History from the Late Roman through the Gothic Periods 313 1425 and Music History During the Renaissance Period 1425 1520 this volume will be an important research tool for anyone interested in music history
