### **The End of Patriarchy** Robert Jensen, 2017-01-17 The End of Patriarchy

asks one key question what do we need to create stable and decent human communities that can thrive in a sustainable relationship with the larger living world Robert Jensen s answer is feminism and a critique of patriarchy He calls for a radical feminist challenge to institutionalized male dominance an uncompromising rejection of men s assertion of a right to control women s sexuality and a demand for an end to the violence and coercion that are at the heart of all systems of domination and subordination The End of Patriarchy makes a powerful argument that a socially just society requires no less than a radical feminist overhaul of the dominant patriarchal structures

Anderson,2019-08-06 Can a boy be trapped in a girl's body Can modern medicine reassign sex Is our sex assigned to us in the first place What is the most loving response to a person experiencing a conflicted sense of gender What should our law say on matters of gender identity *When Harry Became Sally* provides thoughtful answers to questions arising from our transgender moment Drawing on the best insights from biology psychology and philosophy Ryan Anderson offers a nuanced view of human embodiment a balanced approach to public policy on gender identity and a sober assessment of the human costs of getting human nature wrong This book exposes the contrast between the media's sunny depiction of gender fluidity and the often sad reality of living with gender dysphoria It gives a voice to people who tried to transition by changing their bodies and found themselves no better off Especially troubling are the stories told by adults who were encouraged to

transition as children but later regretted subjecting themselves to those drastic procedures As Anderson shows the most beneficial therapies focus on helping people accept themselves and live in harmony with their bodies This understanding is vital for parents with children in schools where counselors may steer a child toward transitioning behind their backs Everyone has something at stake in the controversies over transgender ideology when misguided antidiscrimination policies allow biological men into women s restrooms and penalize Americans who hold to the truth about human nature Anderson offers a strategy for pushing back with principle and prudence compassion and grace **New West** ,1976 **Television**
