Absent Fathers Lost Sons The Search For Masculine Identity:

Absent Fathers, Lost Sons Guy Corneau, 2018-03-27 A Jungian analyst examines masculine identity and the psychological repercussions of fatherlessness whether literal spiritual or emotional in the baby boom generation. An experience of the fragility of conventional images of masculinity is something many modern men share. Psychoanalyst Guy Corneau traces this experience to an even deeper feeling men have of their fathers silence or absence sometimes literal but especially emotional and spiritual. Why is this feeling so profound in the lives of the postwar baby boom generation men who are now approaching middle age? Because he says this generation marks a critical phase in the loss of the masculine initiation rituals that in the past ensured a boy's passage into manhood. In his engaging examination of the many different ways this missing link manifests in men's lives Corneau shows that for men today regaining the essential second birth into manhood lies in gaining the ability to be a father to themselves not only as a means of healing psychological pain but as a necessary step in the process of becoming whole.

A Necessary Fantasy? Dudley Jones, Tony Watkins, 2000 Contributors address from an array of critical perspectives the central issues of what constitutes heroism and the nature of the heroic figure in American, Australian and British juvenile popular culture. Eighteen scholars address topics like African American folk heroes, good girls, Robin Hood, Biggles, Action Man, toys, Dan Dare, Peter Pan and Spider-Man in essays referring to a wide range of cultural forms including film, television, comics, periodicals, books and toys. Each reading is followed by a bibliography. Jones's and Watkins's introduction to theories of the hero in kiddie lit should be fascinating reading for anyone once a kid.
