

For information about ACCA's Approved Learning Partners - contact, please go to ACCA's Content Provider Directory.

The Directory also lists materials by subdisciplines, these materials have not been quality assessed by ACCA, but may be helpful if used in conjunction with approved learning materials. You will also find details of Examiner suggested Additional Reading which may be a useful supplement to approved learning materials.

ACCA's Content Provider Directory can be found here:  
<https://www.accaglobal.com/learning-exam/qualifications/content-provider-directory.html>.

Relevant articles will also be published in Student Accountant.

At [numeracy-self-check-modules.html](https://www.accaglobal.com/learning-exam/qualifications/numeracy-self-check-modules.html) you will find a self-assessment module which will help you achieve this element. It gives you further support with your numeracy skills. You may find ACCA's self-check modules helpful. They can be found on our website via the ACCA website: <https://www.accaglobal.com/numeracy.html>.

The self-check modules includes two maths tests and three interactive maths learning modules, helping you improve your numeracy skills.

## INTELLECTUAL LEVELS

This syllabus is designed to progressively broaden and deepen the knowledge, skills and professional values demonstrated by the student on their way through this qualification.

The specific capabilities within the detailed syllabuses and study guides are assessed at one of three intellectual or cognitive levels:

- Level 1: Knowledge and comprehension
- Level 2: Application and analysis
- Level 3: Synthesis and evaluation

Very broadly, these intellectual levels relate to the three cognitive levels at which the Knowledge module, the Skills module and the Professional level are assessed.

Each subject area in the detailed study guide included in this document is given a 1, 2, or 3 superscript, denoting intellectual level, marked at the end of each relevant line. This gives an indication of the intellectual depth at which a specific subject can be assessed within the examination. However, while Level 1 directly relates with the Knowledge module, Level 2 relates to the Skills module and Level 3 to the Professional level, some lower level skills can continue to be assessed in the student programmes through each module and level. This reflects that at each stage of study there will be requirements for breadth, as well as deeper capabilities. It is also possible that occasionally some higher level capabilities may be assessed at lower levels.

## LEARNING HOURS AND EDUCATION RECOGNITION

The ACCA qualification does not prescribe or recommend any particular number of learning hours for examinations because study and learning patterns and styles vary greatly between people and organisations. This also recognises the wide diversity of personal, professional and educational circumstances in which ACCA students find themselves.

As a member of the International Federation of Accountants, ACCA seeks to enhance the education recognition of its qualification in both national and international education frameworks, and with educational authorities and partners globally. In doing so, ACCA aims to ensure that its qualifications are recognised and valued by governments, regulatory authorities and employers across all sectors. To this end, ACCA qualifications are currently recognised in the education frameworks in several countries. Please refer to your national education framework regulator for further information.

Each syllabus contains between 250 and 350 main subject area headings depending on the nature of the subject and how these areas have been broken down.

## GUIDE TO EXAM STRUCTURE

The structure of examinations varies within and between modules and levels.
