Hunter,2025-10-06 This work contains the earliest blog articles from the author written between the years of 2012 2019 Ranging from mere poetic reflections of the author s traditionalist perspectives on love romance and culture to political commentary and legal and historical scholarly essays on the issues of sex and gender roles the author takes a no holds barred attitude persistently ripping into everyone both feminists antifeminists and every ideology in between and taking a decidedly nasty and brutal bite out of the so called manosphere and the blatant hypocrisies inherent in modern day conservatism Never truly on the Right and never truly on the Left and probably pleasing absolutely nobody the reader can easily note the change as the years go by with the articles undergoing a plain transformation from being shorter and relying more heavily on inter peer and social connections to blossoming into mere solitary legal historical scholarly works that span the length of dozens of pages as both the maturity and education of the author deepens A subtle change in perspective and attitude of the author can also be noted where feminism though never proclaimed nor upheld as a social good is blamed less and less over time for all of modern society s ills    *Would Jesus Date A Woman Like Me?* Brian Bolden,2015-02-11

Throughout the centuries frustration disappointment and despair on both sides has created a great divide between black women and black men In the world of relationships it has become increasingly difficult for black women to make an emotional spiritual and psychological connection with black men For many women they don t even know how to begin to put on a different hat and often find themselves saying Why can t I find a good black man The truth of the matter is many black women are sinking and drowning according to many black men On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with not the least of which has been black women who are deceitful disrespectful high maintenance materialistic gold diggers with get paid mentalities The end result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers For those black men having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have For them dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women Sadly a

lot of black men all over the country have lost love and respect for many black women A lot of black men feel many black women have no idea how to love them care for them or nurture their men They no longer believe that black women are good homemakers nor can they keep a peaceful home This is an epidemic that has spread all over America It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men particularly black American men such as Why will he bed me but not wed me Why have many black women lost the love and respect of black men Why are black men continuing to cross the fence in alarming numbers Why are black men becoming more hesitant to approach black women Are black men really intimidated by successful black women Why are so many black men disappointed discouraged and frustrated with many black women Why do many black men see black women as too difficult and too complicated to deal with Why are some black men making a vow to never date or marry another black woman ever again Why are many black women hitting home runs in their careers but striking out in their relationships and marriages These are some of the questions that are answered in this book This is why it was so important for me to write this book I want to inform black women in America what they need to do to help restore the faith of good quality black men I want black women to understand that I am writing this book as a wake up call If I do my job well perhaps these words will sufficiently energize the mind heart and soul of the amazing creation God called woman to stimulate positive behavioral change in her or at least provoke a little thought Now I know I m treading on thin ice here but trust me when I say this book is not about bashing black women in America It s a book about reality and truth More often than not most of us do not like to hear the truth because it forces us to take a good look at ourselves blemishes and all The old adage The truth hurts could certainly apply here However another old adage is also applicable The truth shall set you free By writing this book I truly hope to make it easier for black men and woman to come together as one I want black women to understand that just because many black men have lost faith doesn t mean that we have given up on you The reality is that sometimes we need to be challenged and this book will definitely challenge many black women in America to take an introspective look at themselves Keywords African American Women Black Women Woman Black Men Relationship Dating Marriage Sex Self Help      **The Home-maker** Marion Harland,Jane Cunningham Croly,1890      *Scribner's Magazine* ... ,1926      **Scribner's Magazine** Edward Livermore Burlingame,Robert Bridges,Alfred Sheppard Dashiell,Harlan Logan,1926      **The Intelligence of Woman** W.
