A World We Have Lost Bill Waiser, W. A. Waiser, 2016 Sometime during the summer of 1690 in east central Saskatchewan Englishmen Henry Kelsey and his Indian escorts walked out of the boreal forest and into a new world the northern great plains of western Canada It was a landscape never encountered before by another European Kelsey has been lauded as first in the west and the discoverer of the Canadian prairies But these accolades overlook the simple fact that any European and later Canadian activity in what would become the future province of Saskatchewan was entirely dependent on the goodwill and cooperation of the indigenous peoples of the region After all Kelsey had to be taken inland He was a passenger not a pathfinder *A World We Have Lost* examines the early history of Saskatchewan through an Aboriginal and environmental lens Indian and mixed descent peoples played leading roles in the story as did the land and climate Despite the growing British and Canadian presence the Saskatchewan country remained Aboriginal territory The region's peoples had their own interests and needs and the fur trade was often peripheral to their lives Indians and Metis peoples wrangled over territory and resources especially bison and were not prepared to let outsiders control their lives let alone decide their future Native newcomer interactions were consequently fraught with misunderstandings sometimes painful difficulties if not outright disputes By the early nineteenth century a distinctive western society had emerged in the North West one that was challenged and undermined by the takeover of the region by a young dominion of Canada Settlement and development was to be rooted in the best features of Anglo Canadian civilization including the white race By the time Saskatchewan entered confederation as a province in 1905 the world that Kelsey had encountered during his historic walk on the northern prairies had become a world we have lost

*Saskatchewan* Bill Waiser, 2018-05 Authoritative well written brilliant *The Globe and Mail* Waiser's history tells the full often gritty story of how politicians tried to carve a grid of European settlement almost overnight onto the wild Western steppe Yet he does not shy away from the harsher truths the systematic attempt to extinguish aboriginal culture along with the bison how women had to wait until 1979 to receive full property rights under law or that farming culture began to die almost as quickly as it was born Canadian Geographic Bill Waiser leaves no stone unturned as he records the events and stories of the people who experienced them from the province's earliest days when anything seemed possible through the years of the Great Depression when the prospect of greatness

seemed all but lost and to the second half of the century when an intense at times bitter debate raged over how best to govern Saskatchewan Relying on the most up to date historical research available Waiser offers new perspectives on traditional views and tackles previously neglected often difficult concepts and events Skyscrapers Hide the Heavens J. R. Miller, 2018-01-01 Author J R Miller charts the deterioration of the relationship from the initial mutually beneficial contact in the fur trade to the current impasse in which Indigenous peoples are resisting displacement and marginalization

**Saskatchewan History**, 2016 **A ^A Line of Blood and Dirt** Benjamin Hoy, 2021-02-02 This book provides a history of the Canada United States border from 1775 until 1939 highlighting the formation of each nation state the role Indigenous people had in the development of the international boundary and the impact the border had on Indigenous people European settlers Chinese migrants and African Americans Count d'Esterhazy and the Esterhaz-Kaposvar Hungarian Colony in Western Canada Joseph G. Nagy, 2024-09-03 Throughout the late 1800s waves of immigrants came over from Europe to North America their arrival serving a dual purpose On the one hand the immigrants were seeking a better life for themselves and their families On the other hand the Canadian federal provincial and territorial governments were seeking to populate their territory in a bid to maintain sovereignty over the land and to develop it for agriculture Among these immigrants were the Hungarian and Western Slavic settlers who founded the Esterhaz Colony which later became known as the Kaposvar and Kolin districts in southeastern Saskatchewan A key figure in the founding of this colony was the enigmatic Count Paul O d Esterhazy a k a Janos Baptiste Packh As an immigration agent for the Canadian and American governments he worked tirelessly not only to promote immigration to the Kaposvar and Kolin districts but also to improve the lives of the immigrants who settled there Although d Esterhazy was not without his detractors this book takes pains to emphasize the sincerity of his vision of a Little Hungary on the Canadian Prairies and the many challenges that he and other proponents of the colony faced as they sought to see that vision fulfilled Meticulously researched and documented this book offers a treasure trove of insight into not only the Esterhaz colony and surrounding area but also the myriad and often conflicting forces involved in the founding of Canada as a nation *House of Commons Debates, Official Report* Canada. Cheated Bill Waiser, Jennie Hansen, 2023-10-03 Canadians and politicians have a common responsibility to learn from the mistakes inherited from a colonialist legacy and to not repeat the wrongs corruption and injustices our people suffered in the hands of government officials politicians and their oppressive laws Reading and learning from Cheated would be a good place to start reconciliation and reparation Ovide Mercredi former National Chief of the Assembly of First Nations The story of how Laurier Liberals took hold of the Department of Indian Affairs in 1896 and transformed it into a machine for expropriating Indigenous land You won t find the Ocean Man and Pheasant Rump reserves on a map of southeastern Saskatchewan In 1901

the two Nakoda bands reluctantly surrendered the 70 square miles granted to them under treaty It s just one of more than two dozen surrenders aggressively pursued by the Laurier Liberal government over a fifteen year period One in five acres was taken from First Nations This confiscation was justified on the grounds that prairie bands had too much land and that it would be better used by white settlers In reality the surrendered land was largely scooped up by Liberal speculators including three senior civil servants and a Liberal cabinet minister and flipped for a tidy profit None were held to account Cheated is a gripping story of single minded politicians uncompromising Indian Affairs officials grasping government appointees and well connected Liberal speculators set against a backdrop of politics power patronage and profit The Laurier government s settlement of western Canada can never be looked at the same way again *The Northwestern Miller* ,1929
