Above Beyond Strategically Teaching Outside The Ordinary:

Above & Beyond: Strategically Teaching Outside the Ordinary Rashida V. Frank, 2009-06-10 This book is written to every parent teacher and powerful influence in every child's life who desires to see and experience a change in our children and their lives as well. Throughout my life I experienced true passion and ingenuity when it came to my education. I had great teachers who cared and a wonderful support system at home with my parents who emphasized the importance of education. Learning was desired by both the children and the educator. We would like to see this passion and desire revived again so that we can create new avenues and lifestyles for our children and our future. Our children can and will achieve greatness with our help.
