## Ac Grayling:

**The Heart of Things** A.C. Grayling, 2010-12-09 The new bestseller from one of Britain's most pre-eminent philosophers and arguably the best known A.C. Grayling. Everyone wishes to live a life that is satisfying and fulfilling in which there is achievement and pleasure and which has the respect of people one in turn respects. And one of the fundamentals to living such a life is to reflect on the choices we make. In this new collection A.C. Grayling invites the reader into a conversation with ideas. From personal questions about happiness and quality of life to wider public concerns such as war and democracy, these essays provide a springboard to thought and to exploring what is best about the human heart and mind. **War** A.C. Grayling, 2017-04-18 A renowned philosopher challenges long-held views on just wars, ethical conduct during war, why wars occur, how they alter people and societies, and more. For residents of the twenty-first century, a vision of a future without warfare is almost inconceivable. Though wars are terrible and destructive, they also seem unavoidable. In this original and deeply considered book, A.C. Grayling examines tests and challenges the concept of war. He proposes that a deeper, more accurate understanding of war may enable us to reduce its frequency, mitigate its horrors, and lessen the burden of its consequences. Grayling explores the long, tragic history of war and how warfare has changed in response to technological advances. He probes much-debated theories concerning the causes of war and considers positive changes that may result from war. How might these results be achieved without violence? In a profoundly wise conclusion, the author envisions just war theory in new moral terms, considering the lessons of World War II and the Holocaust and laying down ethical principles for going to war and for conduct during war. Exceptionally incisive on war and peace. As a former professional soldier and no stranger to conflict, I regret not having had access to *War* when it mattered. Milos Stankovic, *Spectator*. A brisk and sweeping survey. Mark Mazower, *Financial Times*. Wide-ranging, accessible, and crammed with insights. Though it does not underestimate the obstacles to peace, it is never cheaply cynical. The result is somber yet also inspiring. Russell Blackford, author of *The Mystery of Moral Authority*. **The Refutation of Scepticism** A.C. Grayling, 1985 **The Mystery of Things** A.C. Grayling, 2010-12-09 Following the huge success of *THE MEANING OF THINGS* and *THE REASON OF THINGS*, a third collection of bestselling essays from Britain's top philosopher. Human genius has done much and promises much in the way of removing the mystery from many things in our world; at the same time, it recognises and honours the mystery in things too. In this collection, A.C. Grayling extends the range of his previous two books to show how much understanding people can gain about themselves and their world by reflecting on the lessons offered by science, the arts, including literature and history. Covering subjects as diverse as Jane Austen's *EMMA*, the Rosetta Stone, Shakespeare, the Holocaust, quantum physics, Galileo, and even alien abductions, A.C. Grayling's latest collection is a rich source for reflection and contemplation over the mysteries of life. *The Challenge of Things* A.C. Grayling, 2015-12-08 A.C. Grayling's lucid and stimulating books, based on the idea that philosophy should engage with the world and make itself useful, invariably cause discussion. *The Challenge of Things*

joins earlier collections such as *The Reason of Things* and *Thinking of Answers* collecting Grayling's recent writings on the world in a time of war and conflict In describing and exposing the dark side of things he also explores ways out of the habits and prejudices of mind that would otherwise trap us forever in the deadly impasses of conflicts of all kinds Whether he is writing about the First World War and its legacy free speech the advantages of an atheist prime minister or the role of science in the arts his essays are always enlightening enlivening and hopeful
