Francisco García Calderón

Acabemos Con El Paro:

Cambia de vida en 90 días Borja Muñoz Cuesta, Lorenzo Gianninoni, 2016-02-23 Cada día son más las personas que han cambiado de vida gracias a los mercados financieros y al trading. Un mundo poco conocido y que hoy puede mejorar la vida a miles de personas que aún lo desconocen. 22 698 euros es el salario medio anual de un español según el INE. Cuantas horas se deben trabajar para lograrlo. ¿cuánto euro hora se obtiene después de todo ese esfuerzo? No hace falta que respondas ni que hagas el cálculo: el resultado es desalentador. Por el contrario, los traders no trabajan para ninguna empresa, no son autónomos, no deben cotizar a la Seguridad Social, pagan menos impuestos que un trabajador por cuenta y logran una vida rica en tiempo y dinero. Como lo hacen cuando tardan en conseguirlo a qué dificultades se enfrentan, qué se necesita para ser uno de ellos. Estas y otras respuestas las encontrarás a lo largo de este libro en el que los autores se proponen cambiar tu vida a mejor en tan solo 90 días. Aceptas el reto? **Vuelta arriba acabamos la escuela, vuelta abajo no podemos** Gabriel Cachimuel

Anrango, 2005 **Acabemos con el paro** Daniel Lacalle, 2015-11-24 A pesar de que el desempleo se ha reducido a niveles de septiembre de 2010 tras llegar en 2013 a un pico del 27 por ciento y que la OCDE estime que crearemos más empleo que los países de nuestro entorno, España sigue entre los países con mayor paro de la Unión Europea. El desempleo es una duda: ¿cabe la mayor lacra social de nuestro país y sus consecuencias económicas, sociales, políticas e incluso psicológicas alcanzan unas dimensiones monstruosas? En el presente ensayo Daniel Lacalle reflexiona sobre las causas de nuestro paro endémico y propone las reformas que en materia política y económica deben afrontarse para hacerle frente: tales como una revisión crítica y constructiva de las causas del desempleo y de las políticas públicas de fomento de empleo, la superación de la demonización del empresario y el miedo al riesgo, el nuevo papel de los sindicatos, el autoempleo como una de las vías con más futuro, el salto de las pymes a grandes empresas, el fomento de la exportación de calidad, el premio a la productividad y la meritocracia, y la búsqueda de la creación de valor añadido en lugar de las improductivas subvenciones. Mientras nos quejamos de precariedad y derechos sociales, esperamos que la prosperidad y la independencia nos permitan a un empleador a ser posible público. No va a suceder y así nos encaminamos a ser esclavos del entorno. Hay que acabar con esta dinámica de resignación.
