

Alien Encounters

Background: In their year 2000, scientists at the SETI Institute and the University of California, Berkeley, announced that they had discovered a signal from a distant star system. The signal was a series of pulses, and the scientists believed that it was a message from an alien civilization. The signal was discovered in 1995, and the scientists announced their discovery in 2000. The signal was discovered by the SETI@home project, which is a distributed computing project that searches for signals from alien civilizations. The signal was discovered by a computer that was part of the SETI@home project. The signal was discovered by a computer that was part of the SETI@home project. The signal was discovered by a computer that was part of the SETI@home project.

Assignment: Write a story about the discovery of the signal. Your story should be based on the information that you have learned about the signal. You should also include your own ideas about the signal. Your story should be at least 100 words long. You should also include a title for your story. You should also include a drawing of the alien head.

Think About It!

What questions do you have about the signal?

After you complete this assignment...

Assignment Questions:
