The Family in Crisis in Late Nineteenth-Century French Fiction Nicholas White, 1999-01-13 The Family in Crisis in Late Nineteenth Century French Fiction first published in 1999 focuses on a key moment in the construction of the modern view of the family in France Nicholas White s analysis of novels by Zola Maupassant Hennique Bourget and Armand Charpentier is fashioned by perspectives on a wide cultural field including legal popular and academic discourses on the family and its discontents His account encourages a close rereading of canonical as well as overlooked texts from fin de si cle France What emerges between the death of Flaubert in 1880 and the publication of Bourget s *Un divorce* in 1904 is a series of Naturalist and post Naturalist representations of transgressive behaviour in which tales of adultery illegitimacy consanguinity incest and divorce serve to exemplify and to offer a range of nuances on the Third Republic s crisis in what might now be termed family values *The Forty-five Guardsmen. Huysmans* Robert Baldick, 2020-04-29 Like Froude s biography of Carlyle Holroyd s Shaw and Ellmann s Joyce Robert Baldick s *Life of J K Huysmans* has become not just a standard reference work to be consulted as regularly as the writing of the author whose life it chronicles but a work of literature in its own right First published fifty years ago Baldick s classic biography presents a compelling narrative of Huysmans life and work in all its various phases from the Naturalism of the 1870s to the Decadence of the 1880s and from the occult vogue of the 1890s to the Catholic Revival of the turn of the century and it is written with such impeccable scholarship that it is still relied on today as regards matters of fact and detail For this new edition the first time the biography has been reprinted in English Baldick s notes have been extensively revised and updated by Brendan King to take account of new developments and publications in the field of Huysmansian studies *Against Nature* Joris-Karl Huysmans, 2003-05-01 The hero of this curious novel is des Esseintes a neurasthenic aristocrat who has turned his back on the vulgarity of modern life and retreated to an isolated country villa Here accompanied only by a couple of silent servants he pursues his obsessions with exotic flowers rare gems and complex perfumes and embarks on a series of increasingly strange aesthetic experiments starting with the decision to give his giant pet tortoise a jewel encrusted shell **A New History of French Literature** Denis Hollier, 1998-08-19 This splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English **Anxiety, Angst, Anguish in Fin de Siècle Art and Literature** Luba Jurgenson, Rosina Neginsky, Marthe Segrestin, 2020-02-06 This volume examines various manifestations of anguish in art literature and philosophy It demonstrates that the experience of anguish manifested itself in a spectacular way in the arts in the late 19th early 20th centuries It makes obvious the extraordinary tension between anguish and art The works discussed here reflect the magnitude of anguish generated by historical events scientific advancements especially in psychology and metaphysical inquiries of the time Through the invention of new artistic languages those works also illustrate the fecundity of
