

A REINTERPRETATION OF ROUSSEAU
A RELIGIOUS SYSTEM

JEREMIAH ALBERG
FOREWORD BY RENÉ GIRARD

A Reinterpretation Of Rousseau A Religious System

Otto Klapp

A Reinterpretation Of Rousseau A Religious System:

A Reinterpretation of Rousseau J. Alberg, 2007-10-01 In this radical reinterpretation of Rousseau Jeremiah Alberg argues that the philosopher's system of thought is founded on theological scandal and on Rousseau's inability to accept forgiveness Alberg explores his views in relation to alternative forms of Christianity A Reinterpretation of Rousseau J. Alberg, 2007-10-17 In this radical reinterpretation of Rousseau Jeremiah Alberg argues that the philosopher's system of thought is founded on theological scandal and on Rousseau's inability to accept forgiveness Alberg explores his views in relation to alternative forms of Christianity **Rousseau's God** John T. Scott, 2023-04-18 A landmark study of Rousseau's theological and religious thought John T. Scott offers a comprehensive interpretation of Rousseau's theological and religious thought both in its own right and in relation to Rousseau's broader oeuvre In chapters focused on different key writings Scott reveals recurrent themes in Rousseau's views on the subject and traces their evolution over time He shows that two concepts truth and utility are integral to Rousseau's writings on religion Doing so helps to explain some of Rousseau's disagreements with his contemporaries their different views on religion and theology stem from different understandings of human nature and the proper role of science in human life Rousseau emphasizes not just what is true but also what is useful psychologically morally and politically for human beings Comprehensive and nuanced Rousseau's God is vital to understanding key categories of Rousseau's thought René Girard and the Western Philosophical Tradition, volume 1 Andreas Wilmes, George A. Dunn, 2024-07-01 This edited volume situates Ren Girard in relation to the Western philosophical tradition Each chapter engages the French anthropologist in dialogue with a key figure from the history of Western philosophy from Plato to Kierkegaard The pivotal question of Ren Girard and the Western Philosophical Tradition revolves around Girard's assertion Since the attempt to understand religion on the basis of philosophy has failed we ought to try the reverse method and read philosophy in the light of religion Major philosophers influenced Girard and contributed valuable insights into questions of desire religion violence and the sacred At the same time he felt that Western philosophy often if not always neglected the founding violence that lies at the origin of culture This is the first collective scholarly effort at situating Ren Girard in relation to the Western philosophical tradition Volume 1 features chapters on Plato Augustine of Hippo Niccol Machiavelli Thomas Hobbes Blaise Pascal Baruch Spinoza Jean Jacques Rousseau Adam Smith Immanuel Kant Georg Wilhelm Friedrich Hegel Friedrich Wilhelm Joseph Schelling Alexis de Tocqueville S ren Kierkegaard and Ren Girard Desiring Machines Thomas Ryba, Sandor Goodhart, 2025-11-27 Brings into dialogue Girardian thinking and critical issues arising in the field of artificial intelligence for the first time **Beneath the Veil of the Strange Verses** Jeremiah L. Alberg, 2013-01-01 Jeremiah Alberg's fascinating book explores a phenomenon almost every news reader has experienced the curious tendency to skim over dispatches from war zones political battlefields and economic centers only to be drawn in by headlines announcing a late breaking scandal Rationally we would agree that the former are of more significance and importance but they do not pique

our curiosity in quite the same way The affective reaction to scandal is one both of interest and of embarrassment or anger at the interest The reader is at the same time attracted to and repulsed by it Beneath the Veil of the Strange Verses describes the roots out of which this conflicted desire grows and it explores how this desire mirrors the violence that undergirds the scandal itself The book shows how readers seem to be confronted with a stark choice either turn away from scandal completely or become enthralled and thus trapped by it Using examples from philosophy literature and the Bible Alberg leads the reader on a road out of this false dichotomy By its nature the author argues scandal is the basis of our reading it is the source of the obstacles that prevent us from understanding what we read and of the bridges that lead to a deeper grasp of the truth Redeeming the Enlightenment Bruce Ward,2010-02-15 As we move further away from the historical period known as the Enlightenment it seems the debate about its impact becomes increasingly polarized Arguments focus on either rejecting or claiming its legacy In this book Bruce Ward contends that the concern should be neither to reject or claim but to see how it can be redeemed Ward sets up a three sided dialogic encounter among primary thinkers and critics of modernity philosophical theological and literary using Rousseau Nietzsche and Dostoevsky to focus the discussion Ward does not neglect other significant thinkers notably Kant Heidegger Tolstoy Charles Taylor Locke Kafka Ren Girard and Martha Nussbaum but uses them to illumine the questions at issue among the primary three Though each chapter of this book can be treated as a relatively independent reflection the book as a whole offers innovative redemption of the Enlightenment values of equality authenticity tolerance and compassion **2010** Redaktion Osnabrück,2011-06-16 **The Philosophical Review** Jacob Gould Schurman,James Edwin Creighton,Frank Thilly,Gustavus Watts Cunningham,1918 An international journal of general philosophy Religious and Theological Abstracts ,2004 Schleiermacher's Early Philosophy of Life Albert L. Blackwell,1982 **An Analysis of Romanian Translations of J. R. R. Tolkien's The Hobbit** Roxana Stefania Birsanu,2020-10-30 Scientific Study from the year 2020 in the subject Literature Comparative Literature grade 10 language English abstract This paper deals with Romanian translations of J R R Tolkien s The Hobbit Tolkien has acquired a certain status of fame in Romania but apparently to the large public The Hobbit is probably more famous than his creator and this is particularly due to Peter Jackson s film adaptation However there are already four retranslations of the novel which is of no little significance as this suggests an interest in the book itself Our analysis relies on the four translations performed so far of Tolkien s Hobbit It was impossible to find the 2010 version signed by Dan Slu anschi that was issued by Paideia Publishing House However through the generosity of professor Slu anschi s son we managed to have access to the text of the translation The aim of this study is double fold On the one hand given that the translations were performed in different periods and the time span between them is considerable we set to identify to which extent they bear the signs of their epoch The moments of translation production were governed by distinct translation norms which were influenced by the prevalent ideological background the status of the literary genre to which the novel pertains the category of target readership envisaged and even

the translators own agenda idea on authorship and view of the translation process itself In close connection with the concept of translation norms the other objective of the investigation is to detect the overall orientation of the Romanian versions i.e. whether they tend towards domestication or foreignization The research advances in concentric circles from the more general towards particular elements of the analysis A significant part is dedicated to the survey of children's literature particularly since fantasy is most often included in this subdivision of literature in addition three of the four Romanian translations explicitly address children of various ages Further still we have also proceeded to a contextualisation of the translations which includes background information on the translators but also a general outlook on the status of translations in general and of fantasy in particular in the Romanian literary polysystem at the distinct moments of translation production
