Braddock At The Monongahela:

Braddock At The Monongahela Paul Kopperman, 2014-07-12 On July 9 1755 an army of British and American soldiers commanded by Major General Edward Braddock marched toward a major western outpost held by the French confident of an easy victory Suddenly they were attacked by a much smaller force of French and Indian fighters Braddock's army was destroyed its commander fatally wounded and supplies and secret papers were lost to the enemy Paul E Kopperman has used all of the known eyewitness reports of Braddock's defeat some never before printed to present an exciting critical account of this definitive battle in the French and Indian War Braddock at the Monongahela is a synthesis of in depth analysis of primary source materials thoughtful evaluation of previous studies on the subject and Kopperman's own persuasive interpretation

Braddock at the Monongahela Paul E. Kopperman, 1977 On July 9 1755 an army of British and American soldiers commanded by Major General Edward Braddock marched toward a major western outpost held by the French confident of an easy victory Suddenly they were attacked by a much smaller force of French and Indian fighters Braddock's army was destroyed its commander fatally wounded and supplies and secret papers were lost to the enemy Paul E Kopperman has used all of the known eyewitness reports of Braddock's defeat some never before printed to present an exciting critical account of this definitive battle in the French and Indian War Braddock at the Monongahela is a synthesis of in depth analysis of primary source materials thoughtful evaluation of previous studies on the subject and Kopperman's own persuasive interpretation

Braddock's Defeat David L. Preston, 2015-06-16 On July 9 1755 British regulars and American colonial troops under the command of General Edward Braddock commander in chief of the British Army in North America were attacked by French and Native American forces shortly after crossing the Monongahela River and while making their way to besiege Fort Duquesne in the Ohio Valley a few miles from what is now Pittsburgh The long line of red coated troops struggled to maintain cohesion and discipline as Indian warriors quickly outflanked them and used the dense cover of the woods to masterful and lethal effect Within hours a powerful British army was routed its commander mortally wounded and two thirds of its forces casualties in one the worst disasters in military history David Preston's gripping and immersive account of Braddock's Defeat also known as the Battle of the Monongahela is the most authoritative ever written Using untapped sources and collections Preston offers a reinterpretation of Braddock's Expedition in 1754 and 1755 one that does full justice to its remarkable achievements Braddock had rapidly advanced his army to the cusp of victory overcoming uncooperative colonial governments and seemingly insurmountable logistical challenges while managing to carve a road through the formidable Appalachian Mountains That road would play a major role in America's expansion westward in the years ahead and stand as one of the expedition's most significant legacies The causes of Braddock's Defeat are debated to this day Preston's work challenges the stale portrait of an arrogant European officer who refused to adapt to military and political conditions in the New World and the first to show fully how the French and Indian coalition achieved victory through effective diplomacy

tactics and leadership New documents reveal that the French Canadian commander a seasoned veteran named Captain Beaujeu planned the attack on the British column with great skill and that his Native allies were more disciplined than the British regulars on the field Braddock's Defeat establishes beyond question its profoundly pivotal nature for Indian French Canadian and British peoples in the eighteenth century The disaster altered the balance of power in America and escalated the fighting into a global conflict known as the Seven Years War Those who were there including George Washington Thomas Gage Horatio Gates Charles Lee and Daniel Morgan never forgot its lessons and brought them to bear when they fought again whether as enemies or allies two decades hence The campaign had awakened many British Americans to their provincial status in the empire spawning ideas of American identity and anticipating the social and political divisions that would erupt in the American Revolution

Braddock at the Monongahela Paul E. Kopperman, Monongahela 1754-55 René Chartrand, 2013-03-20 On 9 July 1755 amid the wilderness of North America Britain suffered one of the most humiliating defeats in her history This illustrated volume explores the lead up the battle and its far reaching consequences General Braddock's army a mixture of British regulars and American militia was shattered losing over 900 men from a force of 1 300 Braddock was killed and the remnants of his army rescued by his aide Colonel George Washington The origins of this defeat can be traced back to the death of a junior French officer little more than a year before in a relatively minor skirmish with a party of Virginian militia commanded by the same George Washington Ren Chartrand examines the subsequent chain of events that ultimately sparked a world war

Braddock's Road Norman L. Baker, 2013-08-20 In 1755 Major General Edward Braddock and two army regiments set out from Alexandria with the objective of capturing Fort Duquesne near present day Pittsburgh To transport their sizable train of artillery and wagons they first had to build a road across the rugged Appalachian Mountains It was almost 289 treacherous miles from Alexandria Virginia by way of Fort Cumberland in Maryland and on to the French fort the road they built was one of the most impressive military engineering accomplishments of the eighteenth century Historian Norman L Baker chronicles the construction of the road and creates the definitive mapping of those sections once thought lost Join Baker as he charts the history of Braddock's Road until the ultimate catastrophic collision with the combined French and Indian forces

March to Disaster Joseph A. Jackson, 2008-12-12 At the beginning of the French and Indian War in 1755 General Edward Braddock led a force he recruited and trained against Fort Duquesne and the French forces holding it The French forces moved out from the fort to check the British advance The disastrous defeat of the British force at the battle of the Monongahela unleashed a torrent of Indian attacks that claimed many civilian lives and reduced colonial trust in Great Britain's ability to defend her colonies This engagement set the conditions that fostered within the colonists a growing mistrust of Great Britain and her colonial policies
