**Modern Auditing** William C. Boynton, Raymond N. Johnson, 2005-08-19 Known in the academic market for its clear writing style and accessibility this extensive revision focuses on auditor decision making and the auditor's role in providing assurance about the integrity of the financial reporting system. **Auditing and Assurance Services** David N. Ricchiute, 2003 Auditing and assurance service education has undergone dramatic change in at least three ways: 1. An understanding that client strategies affect engagement risk; and 3. A transition away from first person delivery by classroom instructors only and toward third person discovery by students both within and outside of the classroom. Each has influenced the seventh edition. To transcend the boundaries of financial statements, Auditing and Assurance Services exposes students both to the demand for and the supply of the profession's flagship service financial statement audits and to the nature of the value added assurance services decision makers demand in the information age.

**Principles of Auditing and Other Assurance Services** Ray Whittington, Kurt Pany, 2004 Whittington Pany's Principles of Auditing is a market leader in the auditing discipline.
