They didn't just create stuff. They created a ton of stuff. That's why I'm a big believer that producers should produce more, directors should direct more and of course writers should write more. The funny thing is too many writers I know just can't finish a script. Maybe they have ideas and maybe they write a few scenes but they don't get to the end. Or maybe they've never written anything and are too afraid to start. That's why I wrote this book which guarantees you'll have a finished script whether or not you've ever written anything before. That's right. In only one month you can go from a blank page to a completed script ready to be staged. Just imagine you'll have a full script in your hands or a Producer's hands by the end of this month if you start today.
