End of Harry Potter? David Langford,2007-03-20 In The End of Harry Potter David Langford Potter fan and award winning

writer examines the many mysteries that remained unsolved prior to publication of the final volume of J K Rowling's magical series. The publication of *Harry Potter and the Deathly Hallows*, the seventh and final Harry Potter novel, was one of the most eagerly anticipated events in the history of publishing. Even the smallest hints from the author about what may happen to Harry and his friends generated major news stories. Is Albus Dumbledore really dead? Whose side is Severus Snape really on? What are the remaining horcruxes where He Who Shall Not Be Named has stashed his soul? Does Harry bear a part of the Dark Lord's soul in his scar, and is this why he understands Parseltongue? In this highly entertaining book, Langford uses his deep knowledge of the six published Harry Potter novels to explore these and other mysteries and to present a selection of possible outcomes. While *Harry Potter and the Deathly Hallows* may lay these questions to rest, Potter fans will still find David Langford's book enchanting and thought provoking and a perfect way to refresh their memory of the first six books in this beloved series. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
