Grade 1: Stories demonstrate themes or motifs that may be interpreted in multiple ways. Use this tool to help determine the main idea of a story, theme, or genre from multiple sources, including how characters in a story or drama respond to and interact with one another and their environment and how the characters' responses contribute to the development of the story or drama. ## Who's Job Is It?

This is a little story about four people named **Everybody**, **Somebody**, **Anybody**, and **Nobody**.

There was an important job to be done and **Everybody** was sure that **Somebody** would do it. **Anybody** could have done it, but **Nobody** didn't. **Somebody** got angry about that because in fact **Everybody**'s job **Everybody** thought that **Anybody** could do it. **Nobody** realized that **Everybody** wouldn't do it. **Nobody** says that.

**Everybody** said: **Somebody** will do it. **Nobody** said: **Anybody** should have done it.

- R** [Read the story](#)
- A** [Answer the questions](#)
- E** [Evaluate the story](#)

What is the theme of **Everybody**? Is it **Somebody** or **Anybody**?

Use the [Read](#) strategy to answer the questions. Please enter [double quotes](#) when you answer.

One possible answer:

**Anybody** is an emotional observer of what others [do](#) in [Everybody](#). The theme is revealed by what the characters fail to do. All the characters fail to take **Anybody**'s basic conclusion: "If that's so, then you." The **Everybody** thinking that **Anybody** should do it. But **Nobody** realized that **Everybody** wouldn't do it. This proves that **Anybody** fails to take responsibility for jobs, and **anyone** who fails to do it, **Anybody** does not get done.

## **Adventures Of Ulysses Common Core Lessons:**

*Teaching a Novel Using the Common Core State Standards* Danielle Holley,2013 The purpose of this project was to explore ways that teachers can use the newly adopted Common Core State Standards to drive their instruction while teaching a novel I created lessons for teachers to apply to the teaching of any novel and also gave specific lessons to use while teaching the novel *The Adventures of Ulysses* by Bernard Evslin I created lessons that addressed the Common Core English Language Arts standards in reading literature reading informational texts writing speaking and listening My goal for this project was to explore how teachers could incorporate the use of informational texts multimedia tools the arts and their community as a way to support the teaching of a novel I mainly incorporated these other resources as a way to get students to analyze literature more deeply and to help them strengthen their understanding of the novel itself I wanted them to meet the rigorous Common Core State Standards while still experiencing literature as art and having a feeling of connectedness to the novel The outcome of this project was a novel centered unit that is aligned to the Common Core State Standards for English Language Arts There are two separate units included in the project One unit was designed to be adapted to any novel and therefore is less specific and more of a suggested outline for a unit The other unit is specific to *The Adventures of Ulysses* and includes detailed lesson plans that could be used by any teacher who teaches this novel

*One Hundred Semesters* William M. Chace,2014 In *One Hundred Semesters* William Chace mixes incisive analysis with memoir to create an illuminating picture of the evolution of American higher education over the past half century Chace follows his own journey from undergraduate education at Haverford College to teaching at Stillman a traditionally African American college in Alabama in the 1960s to his days as a professor at Stanford and his appointment as president of two very different institutions Wesleyan University and Emory University Chace takes us with him through his decades in education his expulsion from college his boredom and confusion as a graduate student during the Free Speech movement at Berkeley and his involvement in three contentious cases at Stanford on tenure curriculum and academic freedom When readers follow Chace on his trip to jail after he joins Stillman students in a civil rights protest it is clear that the ideas he presents are born of experience not preached from an ivory tower The book brings the reader into both the classroom and the administrative office portraying the unique importance of the former and the peculiar rituals rewards and difficulties of the latter Although Chace sees much to lament about American higher education spiraling costs increased consumerism overly aggressive institutional self promotion and marketing the corruption of intercollegiate sports and the melancholy state of the humanities he finds more to praise He points in particular to its strength and vitality suggesting that this can be sustained if higher education remains true to its purpose providing a humane and necessary education inside the classroom and out for America's future generations

**Literary Conversations in the Classroom** Diane Barone,Rebecca Barone,2016-12-02 Combining research with real life classroom examples this book demonstrates how high level conversations centered on fiction and

nonfiction can promote students understanding and help them meet and exceed a spectrum of standards The authors demonstrate how to use literary conversations in small heterogeneous groups to address multiple expectations within classrooms such as close reading vocabulary background knowledge literal and inferential comprehension and responses to multimodal interpretation nonfiction text features and graphic organizers The text includes the theoretical why and the very practical how to to help teachers grades 3 8 successfully implement serious sustained student group conversations about their reading The recommendations for heterogeneous groups rather than groups based on book selection or reading ability will support all students struggling readers and those reading at or above grade level This practical resource shows teachers how to Group students heterogeneously from inexperienced participants to sophisticated readers Support each student as he or she reads a nonfiction or fiction book Engage students in critical conversations centered on their reading Be mindful of the roles for each student and how these change based on genre Assess student participation and literacy outcomes
