Adversaries Into Allies Master The Art Of Ultimate Influence:

Adversaries into Allies Bob Burg, 2013-10-31 The sages asked Who is mighty and answered That person who can control their own emotions and make of an enemy a friend In the bestselling book The Go Giver Bob Burg and John David Mann revolutionized the way we think about success via one very simple lesson Shifting one's focus from getting to giving constantly and consistently providing value to others is both very fulfilling and the most profitable way to do business Now Burg is back with a new book offering deeper insight about what it means to be truly influential and providing powerful strategies for mastering the art of persuasion Faced with the task of persuading someone to do what we want most of us expect and often encounter resistance We see the other person as an adversary and often resort to coercion or manipulation in order to get our way But while this approach might at times bring us short term results it leaves people with a bad feeling about themselves and about us At that point our relationship with the person is weakened and our influence dramatically decreased There is a better way Drawing on his own experiences and the stories of other influential people Burg offers five simple principles of what he calls ultimate influence the ability to win people to your side in a way that leaves everyone feeling great about the outcome and about themselves Control your own emotions Responding calmly rather than allowing your emotions to get the better of you will ensure not putting the other person on the defensive but rather help them remain open to your ideas Understand the clash of belief systems Every individual operates based on an unconscious set of beliefs experiences and ideas which are most likely very different from yours Understand this and you can avoid confusion and numerous misunderstandings that stand in the way of most people's ability to influence Acknowledge their ego People want to feel good about themselves if you make someone genuinely feel good you're one step closer to making an ally Set the proper frame People react and respond to other people Approach potential conflicts from a position of benevolence resolution and helpfulness and they will follow suit Communicate with tact and empathy While the first four principles are vital this is what brings it all home Saying the right thing at the right time makes all the difference in terms of moving people to your side of the issue and taking the appropriate action that benefits all concerned In the tradition of Dale Carnegie's How to Win Friends and Influence People and Robert Cialdini's Influence Burg offers a tried and true framework for building alliances at work at home and anywhere else you seek to win people over

Mejor no hablar de ciertas cosas Andrés Hatum, Eugenio Marchiori, 2025-06-12 Este no es un libro de moral ni de ética Es un libro sobre política en las organizaciones Porque la política empieza donde terminan los principios Es pragmatismo en estado puro hacer que las cosas sucedan entender los juegos de poder sobrevivir y triunfar en ese realismo salvaje Aquí nadie se escandaliza con Maquiavelo Como lo simplemente describimos lo que ocurre cuando las personas mandan negocian manipulan y construyen poder Sin embargo en las empresas es mejor no hablar de esas cosas El poder la influencia los favoritismos la trastienda de las decisiones temas tabúes que muchos prefieren barrer bajo la alfombra mientras se disfrazan de carmelitas descalzas Con crudeza pero también con

suma lucidez los autores ofrecen al lector una linterna para recorrer ese territorio insoslayable donde no basta con ser bueno también hay que ser políticamente inteligente
