Methods of Environmental and Social Impact Assessment Peter Morris, Riki Therivel, Graham Wood, 2017-09-13. Environmental and social impact assessment (ESIA) is an important and often obligatory part of proposing or launching any development project. Delivering a successful ESIA needs not only an understanding of the theory but also a detailed knowledge of the methods for carrying out the processes required. Riki Therivel and Graham Wood bring together the latest advice on best practice from experienced practitioners to ensure an ESIA is carried out effectively and efficiently. This new edition explains how an ESIA works and how it should be carried out, demonstrates the links between socio-economic, cultural, environmental, and ecological systems, and assessments. It incorporates the World Bank's IFC performance standards and best practice examples from developing as well as developed countries. It includes new chapters on emerging ESIA topics such as climate change, ecosystem services, cultural impacts, resource efficiency, land acquisition, and involuntary resettlement. Invaluable to undergraduate and MSc students of ESIA, on planning, ecology, geography, and environment courses, this internationally oriented fourth edition of *Methods of Environmental and Social Impact Assessment* is also of great use to planners, ESIA practitioners, and professionals seeking to update their skills.

Advanced Introduction to Environmental Impact Assessment Angus Morrison-Saunders, 2018. This book discusses the big ideas behind EIA thinking and practice. It explores key steps in the process and the core principles underlying these, with emphasis placed on best practices. Challenges in designing and implementing development proposals from projects through to plans and policies are addressed. Key topics include the EIA and sustainable development, consideration of alternatives, the mitigation hierarchy, significance determination, cumulative impact assessment, stakeholder engagement, managing uncertainty, and adaptive management. The book is aimed at EIA practitioners, including proponents, consultants, and regulators, as well as researchers and students.

Environmental Impact C. A. Brebbia, Tae Soo Chon, 2012. The interdisciplinary conference addressed some of the most serious problems affecting sustainable development issues that must be considered by development projects in order to provide complete solutions. A major motivation for the meeting was to learn from past failures and avoid repeating similar mistakes while attempting to prevent emerging threats to the environmental and ecological systems by developing more constructive and progressive approaches to ensure sustainability.

Policy Intervention Analysis Ritu Paliwal, 2014-01-03. Environmental Impact Assessment (EIA) is crucial for protecting the environment, especially in a country like India with its dense and rapidly growing population, shrinking land mass, and an economy poised for rapid growth. In order to make EIA an interactive process, it is necessary that

it is supported by a strong follow up mechanism A properly formulated follow up process would not only encourage compliance but also increase awareness among the stakeholders Policy Intervention Analysis environmental impact assessment evaluates the adequacy of post project monitoring PPM process in India and its effective implementation with a focus on the industrial sector The book investigates the reasons for poor compliance and gives corrective measures for corrective PPM It identifies specific measures to improve environmental conditions and provides an action plan that will help strengthen the monitoring and enforcement mechanism based on specific regional concerns *An African Perspective on Environmental Communication* Given Mutinta, 2026-01-01 This book delves into the intricate relationship between environmental challenges and communication strategies in Africa It delves into the history of environmental communication the factors that led to its emergency the role of traditional and social media in disseminating information and indigenous communication methods used by African communities The book also highlights the importance of stakeholder engagement and the role of environmental communication in environmental education Besides the book explores importance and ways of monitoring and evaluating environmental communication programmes It also provides practical recommendations for policymakers stakeholders and communication professionals The book equips readers with the tools to effectively communicate about environmental issues in Africa making it an essential read for anyone interested in understanding how communication can drive positive change for the environment *Large Dams in Asia* Marcus Nüsser, 2013-11-18 This book explores the multi dimensional asymmetries of scale time and directions in the large dam controversy with a regional focus on Asia especially on India and China Whereas the concept of large scale transformation of fluvial environments into technological hydrosapes originated in the West widespread construction of large dams started in the countries of the Global South in the period after decolonisation Construction and operation of large dams are amongst the most prestigious but also most sensitive development issues often accompanied by massive resistance of adversely affected people and civil society organisations Based on the notion of a contested politicised environment various case studies are analysed to identify the dominant narratives and imaginations that shape the large dams debate This volume largely contains contributions related to several subprojects from within the Cluster of Excellence Asia and Europe in a Global Context Shifting Asymmetries in Cultural Flows based at Heidelberg University with several expert contributions from external researchers *Environment and Sustainable Development: A guide for higher education in Kenya* Fuchaka Waswa, Samuel Otor, Daniel Mugendi, 2007 **Environmental Impact Assessment** Kevin Stuart Hanna, 2009 Through twenty one chapters that examine current debates recent cases and ongoing developments in Canadian EIA Environmental Impact Assessment reflects the diversity of issues EIA processes now address **Traditional Knowledge Guide for the Inuvialuit Settlement Region, Northwest Territories: Literature review and evaluation** Sherri Labour, 2008 *Koedoe*, 2006 *Current Literature on Science of Science*, 2004 *Book Review Index*, 2006 Every 3rd issue is a quarterly cumulation **The**
