*The Journey Back from Hell* Anton Gill,1988 This book is a record of oral history as the author recorded the personal testimony of over 100 survivors of the Nazi concentration camps in the course of his enquiry into how they have come to terms with their ordeals since World War II    **The Journey Back from Hell** Anton Gill,1991-09-01    [The Jewish Holocaust](#) Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance    [Days of Remembrance, April 18-25, 1993](#) ,1993 Introduces the history of Jewish holocaust and provides information on planning commemorative programs    **Holocaust Survivors and Immigrants** Boaz Kahana,Zev Harel,Eva Kahana,2007-03-06 Based on a unique research study this volume examines the later life development of Holocaust survivors from Israel and the US Through systematic interviews the authors noted researchers and clinicians collected data about the lives of these survivors and how they compared to peers who did not share this experience The orientation of the book synthesizes several conceptual approaches gerontological and life span development stress research and traumatology and also reflects the varied disciplines of the authors spanning psychology social work and sociology The result is a multi faceted view of their subject with an understanding of the individual society and the interaction of the two tempered by the authors own Holocaust experiences Chapters cover a range of areas including stress and coping of these survivors reviews of their heath and mental health an examination of their social integration as well as a review of the multiple predictors of psychological well being and adaptation to aging This book will be of interest to psychologists social workers sociologists psychiatrists and all those who study both trauma and aging    **Ritual as a Missing Link** J. David Knottnerus,2016-01-08 Up to now ritual has been under utilised for studying human behaviour This book narrows the gap in our understanding of the social causes and consequences of our actions by focusing on the ritualised behaviours that define much of our daily lives Knottnerus breaks new ground by comprehensively describing structural ritualistic theory He shows how structural reproduction has occurred throughout the world how rituals can be strategically used and how power can influence rituals and how the disruption and reconstitution of ritual is of crucial importance for human beings This book shows that ritual provides a missing link in sociology and helps us better explain the extreme complexity of human action and social reality    **The Blessed Abyss** Nanda Herbermann,2000-09-01 One woman s memories of her deportation to Ravensbr ck Concentration Camp for Women in July 1941 On February 4 1941 Nanda Herbermann a German Catholic writer and editor was arrested by the Gestapo in M nster Germany Accused of collaboration with the Catholic movement Herbermann was deported to Ravensbr ck Concentration Camp for Women in July 1941 and later released upon direct orders from Heinrich Himmler on March 19 1943 Although she was instructed by the Gestapo not to reveal information about the camp Herbermann soon began to record her memories of her experiences The Blessed Abyss was originally published in German

under the imprint of the Allied occupation forces in 1946 and it now appears in English for the first time Hester Baer and Elizabeth Baer include an extensive introduction that situates Herbermann's work within current debates about gender and the Holocaust and provides historical and biographical information about Herbermann Ravensbrück and the Third Reich

**Stealth Altruism** Arthur B. Shostak, 2017-07-12 Though it has been nearly seventy years since the Holocaust the human capacity for evil displayed by its perpetrators is still shocking and haunting But the story of the Nazi attempt to annihilate European Jewry is not all we should remember Stealth Altruism tells of secret non-militant high-risk efforts by Carers those victims who tried to reduce suffering and improve everyone's chances of survival Their empowering acts of altruism remind us of our inherent longing to do good even in situations of extraordinary brutality Arthur B Shostak explores forbidden acts of kindness such as sharing scarce clothing and food rations holding up weakened fellow prisoners during roll call secretly replacing an ailing friend in an exhausting work detail and much more He explores the motivation behind this dangerous behavior how it differed when in or out of sight who provided or undermined forbidden care the differing experiences of men and women how and why gentiles provided aid and most importantly how might the costly obscurity of stealth altruism soon be corrected To date memorialization has emphasized what was done to victims and sidelined what victims tried to do for one another Carers provide an inspiring model and their perilous efforts should be recognized and taught alongside the horrors of the Holocaust Humanity needs such inspiration Days of Remembrance, April 26-May 3, 1992 **On Listening**

**to Holocaust Survivors: Beyond Testimony** Henry Greenspan, 2010-11 Challenges conventional wisdom and wisely transforms the process of discerning and responding to what survivors of the Holocaust and other genocides have to say

On Listening to Holocaust Survivors Henry Greenspan, 1998-09-30 How do Holocaust survivors find words and voice for their memories of terror and loss This landmark book presents striking new insights into the process of recounting the Holocaust While other studies have been based typically on single interviews with survivors this work summarizes twenty years of the author's interviews and reinterviews with the same core group In this book therefore survivors recounting is approached not as one-time testimony but as an ongoing deepening conversation Listening to survivors so intensively we hear much that we have not heard before We learn for example how survivors perceive us their listeners and the impact of listeners on what survivors do in fact retell We meet the survivors themselves as distinct individuals each with his or her specific style and voice As we directly follow their efforts to recount we see how Holocaust memories challenge their words even now burdening survivors speech distorting it and sometimes fully consuming it It is not a story insisted one survivor about his memories It has to be made a story On Listening to Holocaust Survivors shows us both the ways survivors can make stories for the not story they remember and just as important the ways they are not able to do so **The Survivors** Eleanor H. Ayer, 1998 Describes the conditions of Holocaust survivors when they were liberated as well as their struggle as they attempt to rebuild their lives The Jewish Book Guide Wendy Bernstein Schauder, 1990-05-01 To find more
