The Essentials of Political Analysis Philip H. Pollock III, Barry C. Edwards, 2019-08-06 Pollock and Edwards explain the nuts and bolts of research design and data analysis in a clear and concise style. The Essential of Political Analysis is an intuitive introduction to complex material replete with examples from the political science literature that add relevance to statistical concepts. This text offers students an excellent balance between the technical and the practical. Francis Neely San Francisco State University Gain the skills you need to conduct political analysis and critically assess statistical research. In this Sixth Edition of *The Essentials of Political Science*, bestselling authors Philip H. Pollock III and Barry C. Edwards build students' analytic abilities and develop their statistical reasoning with new data, fresh exercises, and accessible examples. This brief, accessible guide walks students through the essentials: measuring concepts, formulating and testing hypotheses, describing variables, while using key terms, chapter opening objectives, over 80 tables and figures, and practical exercises to get them using and applying their new skills. Using SPSS, STATA, or R. Discounted package deals available with Philip H. Pollock's companion workbooks. Give your students the SAGE edge. McComas, 2006-04-11 *The Nature of Science in Science Education* is the first book to blend a justification for the inclusion of the history and philosophy of science in science teaching with methods by which this vital content can be shared with a variety of learners. It contains a complete analysis of the variety of tools developed thus far to assess learning in this domain. This book is relevant to science methods instructors, science education graduate students, and science teachers. **Political**

Science Research Methods Janet Buttolph Johnson, H. T. Reynolds, Jason D. Mycoff, 2019-07-04 This is a solid text that walks students through the entire process of empirical quantitative research methods in political science without being too math heavy. Students will be able to read this book and come away with an increased understanding of how we use research methods in political science. Amanda M. Rosen, Webster University Understand the how and the why behind research in political science. *Political Science Research Methods* helps students to understand the logic behind research design by guiding them through a step-by-step process that explains when and why a researcher would pursue different kinds of methods. The highly anticipated Ninth Edition of this trusted resource provides more international examples, an increased focus on the role ethics play in the research process, increased attention to qualitative research methods, and expanded coverage on the role of the internet in research and analysis.
