## **A Neotropical Companion:**

*A Neotropical Companion* John C. Kricher, 1997 Widely praised *A Neotropical Companion* is an extraordinarily readable introduction to the American tropics the lands of Central and South America their rainforests and other ecosystems and the creatures that live there 177 color illustrations

**A Neotropical Companion** John C. Kricher, 1989 *A Neotropical Companion* introduces armchair travelers field naturalists and conservationists to the tropics of Central and South America In recent years the neotropics have been more and more frequently visited by those interested in rain forests and the exotic birds mammals insects and plants of these ecosystems At the same time scientific knowledge of the neotropics has burgeoned A primer for the student and for the scientific amateur this well illustrated volume presents a general and up to date view of some of the world s most complex natural environments In addition it provides the neotropical specialist with a broad look at the entire field of neotropical biology After giving an overview of the different kinds of ecosystems in the tropics the author describes the structure function and evolution of tropical rain forests Tropical trees are then discussed as are the vast array of vines orchids bromeliads and other plants that live among the branches of the forest giants A chapter on the tropical pharmacy treats the many drugs present in tropical vegetation and the evolutionary influence of these drugs The book surveys the great diversity of birds mammals reptiles amphibians and arthropods of the neotropics and provides separate chapters on tropical savannas and on coastal ecosystems An epilogue deals with the crucially important issues of the conservation of neotropical environments

*The New Neotropical Companion* John C. Kricher, 2017-02-21 The acclaimed guide to the ecology and natural history of the American tropics now fully updated and expanded *The New Neotropical Companion* is the completely revised and expanded edition of a book that has helped thousands of people to understand the complex ecology and natural history of the most species rich area on Earth the American tropics Featuring stunning color photos throughout it is a sweeping and cutting edge account of tropical ecology that includes not only tropical rain forests but also other ecosystems such as cloud forests rivers savannas and mountains This is the only guide to the American tropics that is all inclusive encompassing the entire region s ecology and the amazing relationships among species rather than focusing just on species identification *The New Neotropical Companion* is a book unlike any other Here you will learn how to recognize distinctive ecological patterns of rain forests and other habitats and to interpret how these remarkable ecosystems function everything is explained in clear and engaging prose free of jargon You will also be introduced to the region s astonishing plant and animal life Informative and entertaining *The New Neotropical Companion* is a pleasurable escape for armchair naturalists and visitors to the American tropics will want to refer to this book before during and after their trip Covers all of tropical America Describes the species and habitats most likely to be observed by visitors Includes every major ecosystem from lowland rain forests to the high Andes Features a wealth of color photos of habitats plants and animals

**The New Neotropical Companion** J Kricher, 2008-07-05 **Bahia** Alex Robinson, 2010

When Brazilians are far from home they dream of Bahia of its powder fine beaches and reef ringed islands of waterfalls in the Diamond mountains of the arid sertão of cobbled streets and pastel painted houses in Salvador They long for capoeira and the rich spicy smell of Bahian cooking the rhythms of ax and the colour of the world's largest carnival Voc tem que ir they say You must go Bradt's Bahia shows the way to the World Heritage sites of Salvador which has the largest collection of colonial baroque in the world and the Discovery Coast rainforests to the best of the beaches around the resorts of Itacar Porto Seguro and Trancoso and beyond to the unspoilt island of Boipeba the northern Linha Verde near Mangue Seco and the little explored coast of Sergipe and Alagoas states to Bahia's north
