Economics: The User's Guide Ha-Joon Chang,2014-05-01 What is economics What can and can't it explain about the world Why does it matter Ha Joon Chang teaches economics at Cambridge University and writes a column for the Guardian The Observer called his book 23 Things They Don't Tell You About Capitalism which was a no 1 bestseller a witty and timely debunking of some of the biggest myths surrounding the global economy He won the Wassily Leontief Prize for advancing the frontiers of economic thought and is a vocal critic of the failures of our current economic system **A Pelican**

**Introduction Economics** Ha-Joon Chang,2014-05-27 What is economics What can and can't it explain about the world Why does it matter Ha Joon Chang teaches economics at Cambridge University and writes a column for the Guardian The Observer called his book 23 Things They Don't Tell You About Capitalism which was a no 1 bestseller a witty and timely debunking of some of the biggest myths surrounding the global economy He won the Wassily Leontief Prize for advancing the frontiers of economic thought and is a vocal critic of the failures of our current economic system **Intermediate**

**Microeconomics** Robert Mochrie,2017-09-16 This innovative textbook contains everything students need to know on an intermediate microeconomics course Combining classic theory and models with the latest developments it gently guides learners through the topics and helps them to become increasingly independent Mathematical understanding is a crucial part of mastering the subject but can be tricky to obtain Consequently numerical tools and engaging exercises are expertly woven into the broader conceptual discussion of economic theory This process is progressive and incremental with steps explained in great detail in the opening chapters to help students gain mathematical fluency and confidence A microeconomics textbook that is essential reading for any intermediate level course at university Although primarily aimed at two semester undergraduate modules the comprehensive and accessible writing style means that it is also suitable for certain postgraduate and one semester courses The author provides helpful notes on how to adapt the book to your course **Classical Literature**

Richard Jenkyns,2015-01-29 Any list of the six greatest European poets would include Virgil Aeschylus and Homer A recent history of philosophy named Aristotle and Plato as two of the world's four greatest philosophers The greatest historian of all is likely to be Thucydides Why was Ancient Greek and Roman literature so great Sweeping across a thousand years acclaimed professor Richard Jenkyns provides a lucid and lively introduction to the foundation of all Western literature As Jenkyns shows us the Greeks were masters of invention they pioneered nearly all the major literary forms including epic poetry tragedy comedy and history The Romans like us already felt in the shadow of Greek literature and as Jenkyn puts it they first invented imitation In short engaging chapters Jenkyns illuminates the most enduring and influential works of the classical world from the Homeric epics to the golden age of Latin poetry and explores their unparalleled and continuing influence on Western literature **Social Class in the 21st Century** Mike Savage,2015-11-05 A fresh take on social class from the experts behind the BBC's Great British Class Survey Why does social class matter more than ever in Britain today

How has the meaning of class changed What does this mean for social mobility and inequality In this book Mike Savage and the team of sociologists responsible for the Great British Class Survey look beyond the labels to explore how and why our society is changing and what this means for the people who find themselves in the margins as well as in the centre Their new conceptualization of class is based on the distribution of three kinds of capital economic inequalities in income and wealth social the different kinds of people we know and cultural the ways in which our leisure and cultural preferences are exclusive and provides incontrovertible evidence that class is as powerful and relevant today as it s ever been **The Transition Handbook** Rob Hopkins,2008-02-25 Move from feeling anxious about the oil crisis to developing a positive visions and taking traction action to create a more self reliant existence with this ground breaking book We live in an oil dependent world and have become reliant in a very short space of time using vast reserves of oil in the process and without planning for when the supply is not so plentiful Most of us avoid thinking about what happens when the oil runs out or becomes prohibitively expensive but the reality may not be as bad as we think The Transition Handbook shows how the inevitable and profound changes ahead could have a positive effect Written by permaculture expert Rob Hopkins he discusses the possibility of a rebirth of local communities which will generate their own fuel food and housing These will encourage the development of local currencies to keep money in the local area and unleash a local skilling up so that people have more control over their lives The growth in interest in the Transition model continues to be exponential There are now more than 35 formal Transition Initiatives in the UK including towns cities islands villages and peninsulas with more joining as the idea takes off With little proactivity at government level communities are taking matters into their own hands and acting locally If your community has not yet become a Transition Initiative this upbeat guide filled with beautiful black and white photographs offers you the tools to get started The Transition Handbook is the perfect manual to guide communities as they begin this energy descent journey
