**A Primer to Postmodernity** Joseph Natoli, 1997-12-16 A Primer to Postmodernity introduces the general reader to an emerging postmodern world order by giving us just the facts through contemporary cultural lenses

**Pentecostal and Postmodern Hermeneutics** Bradley Truman Noel, 2010-01-29 Pentecostal and Postmodern Hermeneutics seeks to explore the relationship between Pentecostal hermeneutics and Pentecostalism's ability to connect with and evangelize North American youth As a Postmodern ethos makes its presence increasingly felt in the Western world no Christian movement should be better positioned to bring the message of Christ to youth and young adults eager to experience the God of miracles and wonders Recent trends in Pentecostal hermeneutics however may actually make the task more difficult No historical movement has thrived in the long term that has not carefully considered the place of youth and young adults in the vision for the future While Pentecostalism has been at the forefront of youth ministry in the last several decades we must also connect Pentecostal academia with evangelism efforts among youth and young adults This work calls Pentecostal scholars to thoughtfully consider the implications of their work for future generations

**Theology and Star Trek** Shaun C. Brown, Amanda MacInnis Hackney, 2023-05-22 After Star Trek Enterprise

concluded in 2005 Star Trek went on hiatus until the 2009 film Star Trek and its sequels. With the success of these films Star Trek returned to the small screen with series like Discovery, Picard and Strange New Worlds. These films and series in different ways reflect cultural shifts in Western society. Theology and Star Trek gathers a group of scholars from various religious and theological disciplines to reflect upon the connection between theology and Star Trek anew. The essays in part one These are the Voyages explore the overarching themes of Star Trek and the thought of its creator Gene Roddenberry. Part two Strange New Worlds discusses politics and technology. Part three To Explore and to Seek focuses on issues related to practice and formation. Part four To Boldly Go contemplates the future of Star Trek. *Preaching to a Postmodern World* Graham M. Johnston, 2001-07-01. While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past. In fact the majority of society does not even believe in objective truth. A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country. To communicate God's Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners. In *Preaching to a Postmodern World* Johnston shows pastors, seminary students, professors, lay teachers and church leaders can reach the present age without selling out to it. The book discusses how to distinguish between modernism and postmodernism. Understanding postmodern worldviews change the style of preaching without compromising the substance. Take advantage of new opportunities provided by the cultural shift. Show an inattentive society the relevance of God's truth. The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance. **Preaching Christ in a Postmodern Culture** K. A. Beville, 2010-04-16. Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power. It traces the historical and philosophical development of postmodernism. The Enlightenment project is deemed to have failed and Christianity is perceived as an oppressive metanarrative. In a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns. In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task. Humility is presented as preferable to certitude and persuasion is redefined. The author suggests using an inductive mode of communication as a means of engaging postmodern listeners. He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible. Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy. **Pentecostalism, Secularism, and Post Christendom** Bradley Truman Noel, 2015-12-14. If only we were a Christian country again. Christians particularly those in the West often lament their loss of influence in modern politics and culture. It seems that everywhere

one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour

*Beyond Evangelicalism* Steven Knowles,2010 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

**Liturgy in a Postmodern World** Keith F. Pecklers,2003-06 Addresses the fundamental questions of the role that liturgy will play in the Catholic Church in the 21st century Entirely new perspective on Liturgical form and practice in a new century Sparkling list of contributors including Cardinal Daneels Timothy Radcliffe and the Jesuit Superior General Hans Kolenbach Essential reading for anyone concerned with liturgical reform from any Christian tradition A collection of papers from a conference organised by Keith Pecklers S J on Liturgy in the Catholic Church the future The book comes at a time when countless people feel that the reforms of Vatican II have been gradually edged out and when there is a kind of neo reaction against these reforms The book will consist of eight key papers Topics include What role will the liturgy play as it confronts new sociological realities How is liturgy to assist necessary dialogue with the growing presence of Islam in the world How do we welcome the divorced and the remarried and all those who remain on the fringes of our churches There is one Anglican participant Canon Donald Gray

Evangelical Church in Germany EKD addressed the missionary task of the church. The synod emphasized that mission is the first priority of the church. In this dissertation I will show that almost four years later mission is still undoubtedly on the church's agenda but there remains an unbalanced understanding of mission. While the importance of mission is no longer rejected by many church leaders evangelism still plays a minor role at grassroots level. By assessing the missiologies of contemporary German Protestant theologians I will demonstrate that there are theological reasons for this. Last but not least I will suggest measures which may help to further the process initiated by the 1999 EKD synodical meeting. Picture this Philip Hayward, 1998. With the proliferation of films, television programs and videos about the arts, this book tackles how these media outlets have approached their subject. The Catholic World Report, 1997. Faith and Praxis in a Postmodern Age Ursula King, 1998. We live in a culture which has broadly rejected the possibility of absolute belief in one overriding truth. And yet we are surrounded by people who do believe who indeed are often intensely religious but believe in different things. This fragmentation of culture is a challenge to all major religions. Given that we have to live together and given that many of our starting points are the same even if our interpretations are different, how do we cope with the practical day to day task of living and thriving in the same socio political environment? This key postmodern dilemma is addressed in this valuable collection of essays by an international team of writers. In a postmodern age can we believe at all? If we accept that we are no longer unique where does that leave Christian spirituality? British, South African and Jewish writers explore ways in which the question of religion impacts on political life in Britain, South Africa and Israel. **Worldviews** Anthony J. Steinbronn, 2007. Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket. He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions. How should Christians respond in this pluralistic age? Steinbronn advocates that we need to know how different religions view the world, humanity's reason for existence, sin and its consequences and eternal life. Armed with this knowledge Christians can communicate the truth of God's Word to a world searching for truth and meaning. The book examines Buddhism, Confucianism, Hinduism, Islam, Tribalism, Modernity.
