Quincy Jones* Cory Buckner, Archie Quincy Jones, 2002-06-05 Archibald Quincy Jones 1913-79 was a Los Angeles based architect and educator who shared the Case Study goal of reinventing the house as a way of redefining the way people lived in post war America A pioneer in greenbelt planning and green design Jones raised the level of the tract house in California from the simple stucco box to a structure of beauty and logic surrounded by gardens and integrated into the landscape He introduced new materials and a new way of living within the built environment his work bridged the gap between custom and developer built homes The exquisite detailing and siting of Jones's houses churches civic and university buildings make them quintessential embodiments of mid century American architecture This is the first ever book to be published on Jones It documents his full career from his post war planning projects to his long association with Palo Alto building magnate Joseph Eichler The volume consists of two parts a substantial introductory essay tracing Jones's life and career with a synopsis of key projects and his contributions to planning and a catalogue of 60 of Jones's projects illustrated with high quality black and white period

photographs and plans and renderings by Jones himself *Wayne Thom* Emily Bills, 2020-12-15 The first monograph of photographer Wayne Thom whose documentation of Late Modern architecture constitutes an architectural visual archive unlike any other A key primer to late twentieth century Modernism this monograph devoted to Wayne Thom chronicles his photographic practice and the architectural and urban environment in which he worked An innovative chronicler of the booming West Coast urbanism of the 1960s and 70s Thom's photographs of key projects by path breaking architecture firms such as William Pereira Associates Edward Durell Stone SOM Gio Ponti John Portman I M Pei and A Quincy Jones helped establish the idea of cool architectural glamour of the era Raised in Hong Kong Thom moved to California in the mid 1960s and trained in the technical craftsmanship of photography adept at harnessing natural light for both interior and exterior compositions He soon began working with the figures who would become his clients and benefactors most importantly William Pereira and A Quincy Jones a prolific architect and Dean of the School of Architecture at USC As Emily Bills critically assess Thom's career she demonstrates that his photography became inseparable from Late Modernism in the popular imagination a period of architectural production that ran from the late 1960s through the 1980s *Wayne Thom Photographing the Late Modern* is a celebration of this key architectural photographer and a unique chronicle of the works of this transformative period of architectural expression ***Building The Dream*** Gwendolyn Wright, 2012-05-09 For Gwendolyn Wright the houses of America are the diaries of the American people They create a fascinating chronicle of the way we have lived and a reflection of every political economic or social issue we have been concerned with Why did plantation owners build uniform cabins for their slaves Why were all the walls in nineteenth century tenements painted white Why did the parlor suddenly disappear from middle class houses at the turn of the century How did the federal highway system change the way millions of Americans raised their families *Building the Dream* introduces the parade of people policies and ideologies that have shaped the course of our daily lives by shaping the rooms we have grown up in In the row houses of colonial Philadelphia the luxury apartments of New York City the prefab houses of Levittown and the public housing towers of Chicago Wright discovers revealing clues to our past and a new way of looking at such contemporary issues as integration sustainable energy the needs of the elderly and how we define family *Best Life* , 2007-11 *Best Life* magazine empowers men to continually improve their physical emotional and financial well being to better enjoy the most rewarding years of their life *Eichler* Paul Adamson, Marty Arbunich, 2002-11 Atriums household conveniences and sleek styling made Eichler Homes a standard bearer for bringing the modern home design to middle class America Joseph Eichler was a pioneering developer who defied conventional wisdom by hiring progressive architects to design Modernist homes for the growing middle class of the 1950s He was known for his innovations including built ins for streamlined kitchen work for introducing a multipurpose room adjacent to the kitchen and for the classic atrium that melded the indoors with the outdoors For nearly twenty years Eichler Homes built thousands of dwellings in California acquiring national and international acclaim Eichler

Modernism Rebuilds the American Dream examines Eichler's legacy as seen in his original homes and in the revival of the Modernist movement which continues to grow today. The homes that Eichler built were modern in concept and expression and yet comfortable for living. Eichler's work left a legacy of design integrity and set standards for housing developers that remain unparalleled in the history of American building. This book captures and illustrates that legacy with impressive detail, engaging history, firsthand recollections about Eichler and his vision, and 250 photographs of Eichler homes in their prime.
