

VAMPIRE BASICS

As much as I find vampires fascinating, I would hardly encourage such restless behavior! The consequences are far too great!

They haunt the streets at midnight and roam abandoned homes. They charm even those most skeptical of magic, and they inspire fear, while at the same time inspiring curiosity. I'm talking, of course, about vampires.

Vampires are formed by the bite of another vampire. Most victims are unwilling. But I have heard stories of foolish mortals who seek out vampires in order to become one themselves. In my years of research, one fact has become certain: vampires are a most elusive race of monsters, and no one has any clear idea just how many hide among us.

After meeting my first vampire, and seeing vampire themselves, I put together a list of vampire characteristics to help me recognize a vampire in the future.

HOW TO RECOGNIZE A VAMPIRE

If you're unsure if you have met a vampire, look for the following characteristics:

1. Pale skin. You can almost see the veins through the skin!
2. No shadow and no reflection.
3. Mostly active at night.
4. Eyes with a reddish cast. Green or blue irises.
5. Thick, healthy hair.
6. A person who suddenly appears and/or suddenly vanishes, without warning or prelude.

Vampires don't cast shadows, and they avoid mirrors.

You will also NOT see any scratches or wounds.

Some vampires have teeth. Others no more than a few fangs!

A Practical Guide To Vampires:

A Practical Guide to Vampires Lisa Trumbauer, 2009 An introduction into vampire lore *Oath of Vigilance* James Wyatt, 2011-08-02 Following directly in the wake of *The Temple of Yellow Skulls* our heroes face the totality of the destructive and pestilent forces presented by the Abyssal Plague The disease of the liquid crystal Voidharrow spreads throughout the land transforming unsuspecting creatures into plague demons Shara Uldane and the unlikely drow hero Valmaggar join forces with Tempest and Rohgar from *The Mark Of Nerath* and together they set out in search of the green dragon Vestapalk or the creature Vestapalk has become the patient zero of this abyssal plague Meanwhile Albanon and the mysterious cleric Kri Redshal the last remaining member of the Order of Vigilance an order dedicated to guarding the Voidharrow go in search of answers to the disease that sweeps the land While their search takes them deep into the heart of the darkness that is enveloping the land the answers they find are truly in need of new questions As they become aware of the true scale of the tragedy at hand they see the forces behind them are more powerful than they had ever dreamed and perhaps more seductive

Metamorphoses of the Vampire in Literature and Film Erik Butler, 2010 For the last three hundred years fictions of the vampire have fed off anxieties about cultural continuity Though commonly represented as a parasitic aggressor from without the vampire is in fact a native of Europe and its metamorphoses to quote Baudelaire a distorted image of social transformation Because the vampire grows strong whenever and wherever traditions weaken its representations have multiplied with every political economic and technological revolution from the eighteenth century on Today in the age of globalization vampire fictions are more virulent than ever and the monster enjoys hunting grounds as vast as the international market *Metamorphoses of the Vampire* explains why representations of vampirism began in the eighteenth century flourished in the nineteenth and came to eclipse nearly all other forms of monstrosity in the early twentieth century Many of the works by French and German authors discussed here have never been presented to students and scholars in the English speaking world While there are many excellent studies that examine Victorian vampires the undead in cinema contemporary vampire fictions and the vampire in folklore until now no work has attempted to account for the unifying logic that underlies the vampire's many and often apparently contradictory forms Erik Butler holds a PhD from Yale University and has taught at Emory University and Swarthmore College His publications include *The Bellum Gramaticale* and *The Rise of European Literature* 2010 and a translation with commentary of *Regrowth* Vidervuks by the Soviet Jewish author Der Nister 2011 *The Vampire in Folklore, History, Literature, Film and Television*, 2015-10-07 This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present More than 6 000 entries document the vampire's penetration of Western culture from scholarly discourse to popular culture politics and cook books Sections by topic list works covering various aspects including general sources folklore and history vampires in literature music and art metaphorical vampires and the contemporary vampire community Vampires from film and television from Bela
