The SAGE Handbook of Digital Journalism Tamara Witschge,C. W. Anderson,David Domingo,Alfred Hermida,2016-05-18 The production and consumption of news in the digital era is blurring the boundaries between professionals citizens and activists Actors producing information are multiplying but still media companies hold central position Journalism research faces important challenges to capture examine and understand the current news environment The SAGE Handbook of Digital Journalism starts from the pressing need for a thorough and bold debate to redefine the assumptions of research in the changing field of journalism The 38 chapters written by a team of global experts are organised into four key areas Section A Changing Contexts Section B News Practices in the Digital Era Section C

Conceptualizations of Journalism Section D Research Strategies By addressing both institutional and non institutional news production and providing ample attention to the question who is a journalist and the changing practices of news audiences in the digital era this Handbook shapes the field and defines the roadmap for the research challenges that scholars will face in the coming decades **The Handbook of Communication Ethics** Amit Pinchevski,Patrice M. Buzzanell,Jason Hannan,2024-12-02

The second edition of this handbook offers a thoroughly updated overview of the different approaches and perspectives in communication ethics today Extending the path paved by its predecessor this handbook includes new issues and concerns that have emerged in the interim from environmentalism to artificial intelligence from disability studies to fake news It also features a new structure comprised of three sections representing a wide array of communication ethics traditions contexts and debates Rather than focusing exclusively on a subset of ethics such as interpersonal communication rhetoric or journalism as do other handbooks of ethics in communication this collection provides a valuable resource for those who seek a broader basis on which to study communication ethics This handbook is a must read for faculty graduate students and advanced undergraduate students in all areas of communication studies as well as in neighboring disciplines such as rhetoric media studies sociology political science cultural studies and science and technology studies *Handbook of Applied Journalism* Leon Barkho,Jairo Alfonso Lugo-Ocando,Sadia Jamil,2024-02-21

This authoritative handbook looks at the entire news cycle and provides a bridge between the theoretical and academic study of journalism and its actual contemporary practice The book s main merit is that it brings theory and practice together with contributors discussing these issues from different perspectives in a way that scholars students and practitioners can find useful in the study of journalism The handbook is also unique as it undertakes an international scope across regions and cultures both from the West and the Global South while providing an overview which balances the over emphasis on content in most academic approaches to journalism The book is divided into four major parts 1 Conceptual foundations 2 Interlink between journalism as scholarship and journalism as practice 3 Regions and cultures and 4 The practitioner world The first two sections lay down the foundation for section 3 which provides an overview of journalism practice in different regions and cultures Section 4 includes contributions by practitioners in which they attempt to respond to some of the issues raised in preceding sections This handbook will appeal to academics practitioners and professionals alike who are interested in a better understanding of the academic study of journalism and its actual contemporary practice *The Routledge Companion to Digital Media and Children* Lelia Green,Donell Holloway,Kylie Stevenson,Tama Leaver,Leslie Haddon,2020-10-27 This companion presents the newest research in this important area showcasing the huge diversity in children s relationships with digital media around the globe and exploring the benefits challenges history and emerging developments in the field Children are finding novel ways to express their passions and priorities through innovative uses of digital communication tools This collection investigates and critiques the dynamism of children s lives online with contributions fielding both global and hyper local

issues and bridging the wide spectrum of connected media created for and by children. From education to children's rights to cyberbullying and youth in challenging circumstances the interdisciplinary approach ensures a careful nuanced multi dimensional exploration of children's relationships with digital media. Featuring a highly international range of case studies perspectives and socio cultural contexts The Routledge Companion to Digital Media and Children is the perfect reference tool for students and researchers of media and communication family and technology studies psychology education anthropology and sociology as well as interested teachers policy makers and parents
