# A Question Of Character A Life Of John F Kennedy

**Michael V. Uschan**

## **A Question Of Character A Life Of John F Kennedy:**

A Question of Character Thomas C. Reeves,1992 A probing analysis of the personality and character of John F Kennedy reveals a shocking discrepancy between the man s personal and political value system By the author of Gentleman Boss The Life of Chester Alan Arthur Reprint     A Question of Character Thomas C. Reeves,1994-03-01 No issue is more hotly debated than how or even if a politician s private life affects his public competence In A Question of Character John F Kennedy s two lives public and private are examined to answer this timely question Respected historian and biographer Thomas C Reeves reveals discrepancies between JFK s public persona which has reached mythic proportions and his scandalous private behavior Most illuminating is the constant theme of Joe Kennedy s almost total control of JFK s behavior and politics throughout most of his son s career The John Kennedy who emerges from these pages was not a man of good moral character He was reared not to be good but to win Los Angeles Times Reeves has provided the most truthful and balanced assessment of John F Kennedy to date Written more in sorrow than in anger A Question of Character explores the sensitive and difficult question of how people and history itself ought to judge the relationship between personal character and national leadership From the Trade Paperback edition     JFK and the Masculine Mystique Steven Watts,2016-11-08 From very early on in his career John F Kennedy s allure was more akin to a movie star than a presidential candidate Why were Americans so attracted to Kennedy in the late 1950s and early 1960s his glamorous image good looks cool style tough minded rhetoric and sex appeal As Steve Watts argues JFK was tailor made for the cultural atmosphere of his time He benefited from a crisis of manhood that had welled up in postwar America when men had become ensnared by bureaucracy softened by suburban comfort and emasculated by a generation of newly aggressive women Kennedy appeared to revive the modern American man as youthful and vigorous masculine and athletic and a sexual conquistador His cultural crusade involved other prominent figures including Frank Sinatra Norman Mailer Ian Fleming Hugh Hefner Ben Bradlee Kirk Douglas and Tony Curtis who collectively symbolized masculine regeneration JFK and the Masculine Mystique is not just another standard biography of the youthful president By examining Kennedy in the context of certain books movies social critiques music and cultural discussions that framed his ascendancy Watts shows us the excitement and sense of possibility the optimism and aspirations that accompanied the dawn of a new age in America     **John F. Kennedy** Michael E. Meagher Ph.D.,Larry D. Gragg,2011-07-22 This biography examines the life and political career of a president whose idealism and policies continue to impact the world today despite his brief time in office John F Kennedy is revered as one of the United States most iconic and inspirational presidents Among his historic accomplishments however Kennedy was also a human being who made tragic miscalculations in the Bay of Pigs fiasco publicly expressed doubts about democracy and supported the use of fear based tactics to manipulate the American people John F Kennedy A Biography provides background information about the Kennedy family in the early 20th century describes the rise of Joseph P Kennedy as a major figure in

American life and chronicles the subsequent emergence of his second son John F Kennedy as a leading figure in American politics The authors provide a fascinating look at how the characteristics of a 23 year old John F Kennedy in 1940 were borne out in his performance as president two decades later *The Presidency of John F. Kennedy* James N. Giglio, 2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot's fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio's bestselling study widely acclaimed as the best and most balanced book on JFK's White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy's youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK's prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK's sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy's watch Featuring an expanded bibliographical essay and twenty two photos from the JFK library *The Presidency of John F Kennedy* remains the definitive appraisal of Camelot's kingdom *Real Life at the White House* John

Whitcomb, Claire Whitcomb, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company

*John F. Kennedy, Barack Obama, and the Politics of Ethnic Incorporation and Avoidance* Robert C. Smith, 2013-02-19 Political analysts and journalists often draw analogies between John F Kennedy the first Catholic Irish president and Barack Obama the first African American president Their election to the nation's highest office was historic but for reasons not fully appreciated In *John F Kennedy Barack Obama and the Politics of Ethnic Incorporation and Avoidance* Robert C Smith provides a fascinating comparison of the challenges both men faced in their bid for the presidency while at the same time providing comparative histories of the Catholic Irish and African American struggles to overcome racial and religious subordination in America Kennedy's Catholicism was an explicit issue in the 1960 election and once elected he was extremely careful to avoid appearing either too Irish or too Catholic While Obama's race was not an explicit issue in the 2008 election

he was just as careful to avoid appearing too black Paradoxically religion thanks to rumors and lies about whether Obama was a Muslim became a substitute for race allowing Republican strategists to otherize Obama by raising the issue of religion in the context of national security and terrorism *John F. Kennedy* Michael V. Uschan,1998-09 A biography of the thirty fifth president of the United States who served from 1961 until his assassination in 1963 *Shattered Consensus* James Piereson,2016-11-08 The United States has been shaped by three sweeping political revolutions Jefferson s revolution of 1800 the Civil War and the New Deal Each of these upheavals concluded with lasting institutional and cultural adjustments that set the stage for a new phase of political and economic development Are we on the verge of another upheaval a fourth revolution that will reshape U S politics for decades to come There are signs to suggest that we are James Piereson describes the inevitable political turmoil that will overtake the United States in the next decade as a consequence of economic stagnation the unsustainable growth of government and the exhaustion of postwar arrangements that formerly underpinned American prosperity and power The challenges of public debt the retirement of the baby boom generation and slow economic growth have reached a point where they require profound changes in the role of government in American life At the same time the widening gulf between the two political parties and the entrenched power of interest groups will make it difficult to negotiate the changes needed to renew the system *Shattered Consensus* places this impending upheaval in historical context reminding readers that Americans have faced and overcome similar trials in the past in relatively brief but intense periods of political conflict While others claim that the United States is in decline Piereson argues that Americans will rise to the challenge of forming a new governing coalition that can guide the nation on a path of dynamism and prosperity **John F. Kennedy** Michael D. Cole,1996 Examines the life and career of the 35th United States President From his childhood in Massachusetts through his terms as a representative and senator in the United States Congress to his accomplishments as president Kennedy guided others with his charm and leadership Awarded the Navy and Marine Corp Medal for heroic activity during World War II as well as the Pulitzer Prize for Biography Kennedy will always be remembered as a great leader in the struggle for freedom and equality *John F. Kennedy* Hourly History,2017-04-05 John F Kennedy is the president that everyone knows He was a rich man s son an athlete a war hero a ladies man an author a president his face rendered forever young because the last time Americans saw him he was riding in a convertible in Dallas his glamorous wife at his side Then the bullets struck and the assassinated president became a legend the truth of his life obscured by his tragic and untimely death But JFK had more depth to his character than the magazine covers indicated Inside you will read about No Irish Need Apply War and the Kennedys Kennedy in Congress Kennedy for President Kennedy Women The Presidency And much more The rich man s son was the grandson of Irishmen who knew what it was to be denied jobs because Irish weren t welcome in Boston The athlete suffered from poor health all his life from a bad back to Addison s disease The war hero whose PT 109 boat became part of his campaign legend was the son who survived elder brother Joe flying on a secret mission was killed for

his heroism The ladies man loved his wife but fidelity was not a concept revered by the Kennedy men The Pulitzer Prize that he was awarded for Profiles in Courage should have gone to the person who actually wrote it In 1963 death in Dallas ended his first term as president bringing an end to the optimism that he inaugurated when he narrowly defeated Vice President Richard Nixon in the 1960 election But the Kennedy legend like Camelot lives forever The CIA & Congress David M. Barrett,2005 Selected bibliography p 511 519 **The 1960s** Rebecca Jackson,1992-12-10 The 1960s were a particularly turbulent period and the events of those years continue to interest and influence American society This bibliography records and documents the most significant happenings of that decade The volume spans the years between 1960 and the resignation of President Nixon in 1974 It includes citations for more than 1300 books related to that period Some of the books were written during the 1960s and directly influenced people of that time Others were written afterward and analyze and interpret the events of the decade The entries are arranged in topical chapters and each citation is accompanied by a descriptive and evaluative annotation The volume begins with an introduction that overviews and discusses the major events and trends of the time The 17 topical chapters that follow treat virtually every aspect of life in the 1960s The first few chapters include general works on the underlying social political and economic conditions that served to define the decade Other chapters discuss works on the presidencies social protests the impact of the Vietnam war the cultural revolution and trends in art music literature and religion The bibliography concludes with author title and subject indexes that add to its value as a reference tool *John F. Kennedy* Thomas C. Reeves,1990 **Appendices to the Referral to the United States House of Representatives Pursuant to Title 28, United States Code, Section 595(c) Submitted by the Office of the Independent Counsel, September 9, 1998** Kenneth Starr,1998 **Firsthand America** David Burner,1998 The Birth of Modern America tells in clear and lively prose how Americans struggled with modernity in both its cultural and its economic forms Richly illustrated it uses the visual images of the time as evidence of the changes it explores It is anecdotal as well as analytic filled with stories about evangelical enthusiasms amusement parks the first Miss America contest It takes the reader into the streets of Tulsa during the race riot of 1921 and into Aimee Semple McPherson s gospel Temple It examines how ethnic and religious groups appropriated elements of minstrelsy in *The Jazz Singer* and *Amos n Andy* In all this makes a strong contribution to understanding American society in the interwar years **Program of the Annual Meeting** American Historical Association,1991 Some programs include also the programs of societies meeting concurrently with the association *Annual Report of the American Historical Association* American Historical Association, Star-Spangled Men Nathan Miller,1999-02-25 Picking America s best presidents is easy George Washington Abraham Lincoln and Franklin D Roosevelt usually lead the list But choosing the nation s worst presidents requires more thought In *Star Spangled Men* respected presidential biographer Nathan Miller puts on display those leaders who were abject failures as chief executive With pointed humor and a deft hand he presents a rogues gallery of the men who dropped the presidential ball and

sometimes their pants as well Miller includes Richard M Nixon who was forced to resign to escape impeachment Jimmy Carter who proved that the White House is not the place for on the job training and Warren G Harding who gave being in the closet new meaning as he carried on extramarital interludes in one near the Oval Office This current edition also includes a new assessment of Bill Clinton who has admitted lying to his family his aides his cabinet and the American people
