A Refutation Of Moral Relativism Interviews With An Absolutist:

[A Refutation of Moral Relativism](#) Peter Kreeft, 2009-12-04 No issue is more fateful for civilization than moral relativism. History knows not one example of a successful society which repudiated moral absolutes. Yet most attacks on relativism have been either pragmatic looking at its social consequences or exhorting preaching rather than proving and philosophers arguments against it have been specialized technical and scholarly. In his typical unique writing style Peter Kreeft lets an attractive honest and funny relativist interview a Muslim fundamentalist absolutist so as not to stack the dice personally for absolutism. In an engaging series of personal interviews every conceivable argument the sassy Black feminist reporter Libby gives against absolutism is simply and clearly refuted and none of the many arguments for moral absolutism is refuted.

How to Do Apologetics Patrick Madrid, 2016-07-13 From one of the most respected names in Catholic Apologetics Patrick Madrid comes the new book How to Do Apologetics Making the Case for Our Faith. And it couldn't be more timely. Seismic cultural shifts and increased attacks on religious liberty often place Christians in the uncomfortable position of having to defend their beliefs even their belief in God when their Faith is called into question by atheists agnostics Protestants or people from other religions. This book is the apologist's toolkit covering all the topics you need to understand and apply Patrick Madrid's own successful approach to giving reasons to believe. Using logic arguments and evidence to defend the Truth. Apologetics with atheists moral relativists and non Christians. Special advice and examples for use with Protestants as well as lukewarm or inactive Catholics. Proven strategies for responding graciously to opponents. Making a compelling case for God Jesus Christ and the Catholic Church. What you need to do apologetics well. PLUS Patrick Madrid's recommended books CDs and a glossary of key apologetics terms. Patrick Madrid shows how YOU can demonstrate confidently and effectively that Catholic teaching is reasonable consistent and compelling.
