## **Annie And The Wild Animals:**

*Annie and the Wild Animals* Jan Brett, 2012-10-11 Where is Taffy Annie looks and looks but she can't find her marmalade cat anywhere When Taffy doesn't come home Annie is lonely so she puts a corn cake at the edge of the woods Maybe a small furry creature will come for a nibble and become her pet Instead a giant moose finds the corn cake But he's much too big for a pet So are the other animals a grumpy bear a snarling wildcat and others who show up to eat Annie's cakes until there are none left The wild animals roar for more What will Annie do now Exquisite snowy landscapes filled with raucous wild animals are framed in lively borders that hint at what Taffy is up to all the way through to the end when she brings home the best surprise Annie could have hoped for A favorite book that young readers will want to listen to and look at over and over again Praise for *Annie and the Wild Animals* The small glimpses of the world outside Annie's cottage move the tale forward and embellish the pages with grace and skill The illustrations are a veritable treasure of motifs taken from the universal tradition of folk art and crafts including fanciful ironwork animals a humorous mosaic cat and a merry abundance of patchwork designs The New York Times The pictures hold countless surprises Indisputably this is a work of wonder that deserves highest honors Publishers Weekly
