Ansichten Uit Amerika:

Ansichten uit Amerika Willem Brakman, 1981 De ontwikkeling van een jongen die droomt van een leven als cowboy in Amerika en verzorgd wordt door n van zijn zusters die een caf drijft in een provincieplaats aangevuld met commentaar van de schrijver en de verteller in voetnoten International Postmodernism Johannes Willem Bertens, Hans Bertens, Douwe Fokkema, 1997 Containing more than fifty essays by major literary scholars International Postmodernism divides into four main sections The volume starts off with a section of eight introductory studies dealing with the subject from different points of view followed by a section that deals with postmodernism in other arts than literature while a third section discusses renovations of narrative genres and other strategies and devices in postmodernist writing The final and fourth section deals with the reception and processing of postmodernism in different parts of the world Three important aspects add to the special character of International Postmodernism The consistent distinction between postmodernity and postmodernism equal attention to the making and diffusion of postmodernism and the workings of literature in general and the focus on the text and the reader i e the reader s knowledge experience interests and competence as crucial factors in text interpretation This comprehensive study does not expressly focus on American postmodernism although American interpretations of postmodernism are a major point of reference The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors Hans Bertens and Douwe Fokkema opt for the title International Postmodernism **Exploring Postmodernism** Matei Calinescu, Douwe W. Fokkema, 1988-01-01 The great diversity of contexts in which the term Postmodernism is currently encountered reflects the remarkable success of a coinage that has been in circulation for only about forty years It has been used by philosophers sociologists art critics and literary historians to become finally a household word in the language of advertising and politics Before letting it fade to a derelict cliché an attempt is made in this volume of essays to use its potential as a cultural concept for the analysis and understanding of contemporary literature and thought **Thamyris** , *Het binnenste buiten* Lars Bernaerts, Bart Vervaeck, 2012 Op 8 mei 2008 stierf Willem Brakman 86 jaar oud en auteur van een indrukwekkend oeuvre Hij publiceerde meer dan 40 romans 6 verhalenbundels en 3 verzamelingen essays Hij werd bekroond met de P C Hooftprijs 1981 en gold als een van de meest vernieuwende en virtuoze auteurs van zijn generatie Veel over zijn werk moet nog gezegd worden Het binnenste buiten werpt een nieuw licht op het werk en het leven van Willem Brakman Een tiental specialisten buigt zich over het begin van Brakmans literaire carrière zijn autobiografische blik zijn spel met de romanruimte zijn humor en parodie n Naast Brakmans Den Haag verkent de lezer hier zijn ideologiekritiek en zijn verbeeldige taalhandelingen Zelfs over de paus en porno biedt Het binnenste buiten nieuwe inzichten Bovendien is er een interview met de auteur en wordt voor het eerst een deel van zijn onvoltooide laatste roman gepubliceerd Ook de talrijke illustraties en fragmenten van manuscripten zorgen er voor dat de binnenwereld van Brakman in al zijn facetten naar buiten gebracht wordt Provided by publisher *Handbook of Narrative*

Analysis Luc Herman, Bart Vervaeck, 2019-12 Stories are everywhere from fiction across media to politics and personal identity Handbook of Narrative Analysis sorts out both traditional and recent narrative theories providing the necessary skills to interpret any story In addition to discussing classical theorists such as Gerard Genette Mieke Bal and Seymour Chatman Handbook of Narrative Analysis presents precursors such as E M Forster related theorists Franz Stanzel Dorrit Cohn and a large variety of postclassical critics Among the latter particular attention is paid to rhetorical cognitive and cultural approaches intermediality storyworlds gender theory and natural and unnatural narratology Not content to consider theory as an end in itself Luc Herman and Bart Vervaeck use two short stories and a graphic narrative by contemporary authors as touchstones to illustrate each approach to narrative In doing so they illuminate the practical implications of theoretical preferences and the ideological leanings underlying them Marginal glosses guide the reader through discussions of theoretical issues and an extensive bibliography points readers to the most current publications in the field Written in an accessible style this handbook combines a comprehensive treatment of its subject with a user friendly format appropriate for specialists and nonspecialists alike Handbook of Narrative Analysis is the go to book for understanding and interpreting narrative This new edition revises and extends the first edition to describe and apply the last fifteen years of cutting edge scholarship in the field of narrative theory
