Ray, Mike Ray, 2002      **737 Classic Pilot Handbook** Mike Ray, 2011-07-14 Created for the professional Boeing 737 300 500 series airline pilot this pilot handbook is actually a condensed training manual and is designed to assist the pilot candidate in preparation for the simulator check ride. Written in a style that is both interesting and informative it is filled with graphics and easy to understand descriptive text. While the material in it is specifically directed at the professional airline pilot it has proven to also be very popular with flight simmers and other interested aviation aficionados      *The Boeing 737 Technical Guide (Pocket Budget Version)* Chris Brady, 2014-10 An illustrated technical guide to the Boeing 737 aircraft. Containing extensive explanatory notes, facts, tips, and points of interest on all aspects of this hugely successful airliner and showing its technical evolution from its early design in the 1960s through to the latest advances in the re-engined MAX. The book provides detailed descriptions of systems, internal and external components, their locations and functions, together with pilots' notes, a detailed guide to air testing and technical specifications. It is illustrated with over 500 black and white photographs, diagrams, and schematics. Chris Brady has written this book after many years developing the highly successful and informative Boeing 737 Technical Site, known throughout the world by pilots, trainers, and engineers as the most authoritative open source of information freely available about the 737.
