A New Look At The Old Testament:

[**A New Look at the Old Testament**](#) Derek Leman,2009-04-01 **A New Look at the Old Testament. With Illustrations by Gwyneth Cole, [plates and Maps.]** Josephine Kamm,1965 [**A New Look at the Old Testament**](#) Sabin Huang,1995 **Preaching Christ from the Old Testament** Sidney Greidanus,1999-07-13 Arguing for the need both to preach Christ in every sermon and to preach regularly from the Old Testament Sidney Greidanus develops a christocentric method that will help preachers do both simultaneously Greidanus challenges Old Testament scholars to broaden their focus and to understand the Old Testament not only in its own historical context but also in the context of the New Testament Suggesting specific steps and providing concrete examples this volume provides a practical guide for preaching Christ from the Old Testament **A New Look at the Last Things** John E. Gore,2011-12-05 Matters pertaining to our Lord s second coming heaven hell and associated topics are often set aside by Christians sometimes for very understandable reasons Dogmatic predictions based on bizarre calculations from the Bible and equally zealous disciples aggressively promoting their view point as the only right interpretation of Scripture have caused many believers to lose interest in this wonderful aspect of biblical truth In A New Look at the Last Things the reader will find a careful overview of various topics relating to the Last Things Different interpretations are discussed and the merits of each is evaluated enabling the reader to come to a fuller understanding of what the apostles taught concerning these matters **There's More! Different Destinies** Hugh Garner,2008-02-29 If you are a Christian this book will change your entire outlook on life both here and hereafter Yours is a destiny greater than that of those who have gone before you We have been told but we have not fully grasped the full meaning of the message Your destiny is not with God in Heaven but with Christ here upon Earth along with your friends and loved ones This book will tell you why We will go back and examine the Old Testament in light of New Testament Teachings to see whether similar promises were made to those who went before us In so doing we will discover many interesting ideas which are not a part of our current biblical study Did Adam and Eve have children before they fell from Grace What was Adam s choice We will use current theories such as Cataclysmic Change and current discoveries in the fields of science to see how the Almighty God used the powers of His creation to bring about the fulfillment of His purpose When was the Earth divided What do Egypt and Mars have in common When did the Poles reverse The ways in which God used His awesome power are mind boggling and they are recorded in the Scriptures and other chronicles around the World Whether you agree or not it will stimulate your mind and is certain to be a topic of discussion not only by Christians but also by others with inquiring minds **A New Look at the Old Testament** Josephine Kamm,1973 [**A New Look at the Old Testament ... With illustrations ny Gwyneth Cole. \[With plates and maps.\]**](#) Josephine Kamm,1965 [**A New Look at Hospitality as a Key to Missions**](#) Christopher J Freet,2014-11-06 Many Christians have grown up with a very limited concept of missions and missionaries In this view a missionary is a person who goes and preaches to lots of people often in primitive lands and

explains the theology of the gospel. The natives are convinced and become Christians. Thus the gospel commission is fulfilled. Actual missions have not been carried out in this way very much. Missionaries are generally very aware of the personal aspect of their activities and the importance of hospitality. But western churches have become much less attuned to hospitality. The days are past when visitors could assume they'd be invited home for lunch or become personally connected to people in a church they visit. But hospitality is a key concept and a key practice in the Bible both in Old and New Testament times. This involved both God's relationship with his people in which some entertained angels in their relationships with one another and in the way they reached the world with the good news God had given to them. Chris Freet examines the biblical idea of hospitality, the role it played in biblical times and the example that provides for us. He concludes that the western church needs to be reawakened to the mutual and reciprocal biblical definition of hospitality that it must undergo some contextualization in order for the biblical role of hospitality and the person of peace to work in it and 3 it must transition from short term encounters of hospitality in the West to long term relationships as the family of God. This is a serious theological examination but it is also both a challenge and a practical guide to help us get started in giving hospitality the role in our churches that the biblical story envisions. The Gentile Mission in Old Testament Citations in Acts James A.

Meek, 2009-04-23 Scholarship on the uses of the Old Testament in Luke's Acts has tended to focus upon the role played by the Old Testament in the development of the author's Christology. James Meek however draws out the theme of the Gentile mission in Acts as it relates to the Old Testament and gives particular attention to four texts 13 47 Isa 49 6 15 16 18 Amos 9 11 12 2 17 21 Joel 3 1 5 MT 3 25 Gen 22 18 The quotations in Acts 13 and 15 receive greater attention because they explicitly address the issue of the Gentile mission the two earlier texts anticipate it and because of particular interpretive questions raised by these texts. Meek argues that while there are similarities in the quotations in Acts with the Old Greek form of the cited texts the argument never depends on distinctive readings of the Old Greek. He therefore rejects claims that the author's use of Old Testament texts is dependent entirely on the Old Greek. He also maintains that all four quotations are used in a manner consistent with their sense in their original contexts contrary to the common assertion that the New Testament commonly cites Old Testament texts without regard for original sense or context. His third principal argument is that these Old Testament quotations function as proof from prophecy contrary to the argument of some. In particular they are cited to demonstrate the legitimacy of the Gentile mission as conducted by the early church and of the Gentiles place among the people of God showing these ideas to be central to the author's purpose. **A New Look at Biblical Crime** Ralph W.
