between machismo and colonialism postmodernism and patriarchy exoticism and commodification In the end she arrives at a discourse on decolonization as intellectual unlearning Marta Savigliano's voice is highly personal and political Her account is at once about the exoticization of tango and about her own fate as a Third World woman intellectual A few sentences from the preface are indicative Tango is my womb and my tongue a trench where I can shelter and resist the colonial invitations to universalism a stubborn fatalist mood when technocrats and theorists offer optimistic and seriously revised versions of alternatives for the Third World an opportunistic metaphor to talk about myself and my stories as a success of the civilization development colonization of América Latina and a strategy to figure out through the history of the tango a hooked up story of people like myself Tango is my changing resourceful source of identity And because I am where I am outside tango hurts and comforts me Tango is a sad thought that can be danced Savigliano employs the tools of ethnography history body movement analysis and political economy Well illustrated with drawings and photos dating back to the 1880s this book is highly readable entertaining and provocative It is sure to be recognized as an important contribution in the fields of cultural studies performance studies decolonization and women of color feminism
